Customer Reviews

Praise for other titles in the Paul Noble range: 'More than I ever managed in five years of French at school.' Tom Meltzer, The Guardian 'I seemed to absorb the phrases taught, without even consciously trying, and quickly felt confident enough to make my own sentences.' Penelope M. Walsh, Canary Wharf Magazine

Who is Paul Noble? Paul Noble is a genius, yet he still left school unable to speak a language - he found that the traditional learning methods left him feeling 'confused, incapable and unable to really say anything'. Determined that there must be a better way to learn, Paul spent years devising his own unique method of learning languages which cuts out all of the grammar, all of the rote learning, and all of the stress. He began using his method to teach in his Language Institute and, hundreds of students later, he prides himself on never having had a student fail.

good practice noble is very good
