"This is an excellent book on the still sensational Dead Sea Scrolls and on the elucidation and partial solution of many of the intricate problems involved.... Especially enlightening is the definite conclusion on the part of the author that the five years' excavations of the ruins at Khirbet Qumran connect the people of the scrolls with the Essenes.'... Highly recommended for libraries with readers deeply interested in the Dead Sea Scrolls."-Library Journal?This is an excellent book on the still sensational Dead Sea Scrolls and on the elucidation and partial solution of many of the intricate problems involved....
