Black Man, White House: An Oral History Of The Obama Years

Synopsis

From legendary comedian D. L. Hughley comes a bitingly funny send-up of the Obama years, as "told" by the key political players on both sides of the aisle. What do the Clintons, Republicans, fellow Democrats, and Obama's own family really think of President Barack Obama? Finally, the truth is revealed in this raucously funny oral history parody. There is no more astute - and hilarious - critic of politics, entertainment, and race in America than D. L. Hughley, famed comedian, radio star, and original member of the Kings of Comedy. In the vein of Jon Stewart's *America: The Book*, *Black Man, White House* is an acerbic and witty take on Obama's two terms, looking at the president's accomplishments and foibles through the imagined eyes of those who saw history unfold. Hughley draws upon satirical interviews with the most notorious public figures of our day: Mitt Romney ("What's 'poverty'? Is that some sort of rap jargon?"); Nancy Pelosi ("I play F**k/Marry/Kill, and there's a lot more kills than fu**ks in Congress, believe me."); Rod Blagojevich ("You can't sell political offices on eBay; I discovered that personally."); Joe Biden ("I like wrestling."); and other politicians, media pundits, and buffoons. It is sure to be the most irreverent - and perhaps the most honest - look at American politics today.

Customer Reviews

I saw D. L. Hughley on the PBS Tavis Smiley show talking about this book and laughed the entire half-hour (as did Hughley and Smiley). After serving in a mid-level political position years ago, this satire captured so many truths. Hughley's use of Rahm Emmanuel and his profanity is hilarious, and

his portrayal of Michelle Obama as the adult in the room is very effective to set things up.

I really thought this was an actual book to read, but it's more of a comical commentary of the Obama years thus far. I Think D. L. Hughley really did an amazing job, but it wasn't what I was looking for.

Hughley mixes "barnyard language" with a very intelligent and thought-provoking commentary on Obama and his presidency. It reads as an oral transcript. Even though the "quotes" are fictitious, I felt as though these various people would have said very similar things

Hughley was on point in giving us a real look into the minds of some of the political players that will go down in history as being the ones that set the course for America in the 21st century... God help us. FOTUS was well written as the center of the storm and made the book more personal and less politically charged. Hope DL will write one for Donald's first and only term.

This book reminds us just how ruthless politicians can be. There were passages that were so funny that I burst out with laughter.

A satirical spin on Barack Obama's Washington and the World during his tenure as America's 1st African American President. The accomplishments, pitfalls and barriers he encountered told with a sense of humorous perspective ; the old adage, "The same things that makes you laugh, can make you cry" is quite apropos to this writing. a really page turner WELL CRAFTED, WELL DONE!

I loved it. It made me recall those things I remembered happening and highlighted the things I didn't know happened.

Very good fact fill book told with humor. Very easy to read.
