Ray C. StedmanÂ (1917â1992) was one of the great pastors, expositors, and spiritual leaders of

the twentieth century. A graduate of Dallas Theological Seminary, he was pastor of the Peninsula Bible Church in Palo Alto, California, for forty years. With over twenty books to his credit, from *Spiritual Warfare* to his insightful commentary *Adventuring through the Bible*, Stedman spanned the experiences of the Christian life with his writing. His book *Body Life* had a tremendous impact on the church in the twentieth century.

This is the third time I have purchased this book. There are other newer versions of *Adventuring Through the Bible* but this is by far my favorite. The sidebars and outlines make it very easy to review where you have been and easily find important points. This is an excellent overview of the Bible.

I never write reviews but when I saw someone rated this book a 1 I couldn't believe it and had to speak up. This has been the most wonderful and enlightening book I have ever read in understanding the bible. The Ray Stedman has truly been blessed by the Lord in teaching and understanding the word of God. I read the bible from cover to cover along side *Adventuring Through the Bible* and the transformation God has made in my life has been amazing. If you ever struggled with reading the entire bible cover to cover, this companion book will get you excited and help you all enjoy it all the way through. My faith has been strengthened and I am ordering more for friends. Don't pass this one up!!

I was a bit nervous about spending the money on *Adventuring through the Bible* but I am so glad I did. I was getting ready to read through the Bible again from Genesis to Revelation but waited for this book to arrive. And so far (I'm up to 2nd Chronicles) I am pleased as punch! What I do is, before reading a book of the Bible, I first read about that book in *Adventuring through the Bible*. Then, when I read the corresponding book of the Bible, I truly have a better understanding. It's not the kind of book you read right through; but read as a companion to each book of the Bible. Ray Stedman's writing style is so easy to understand. The book has been an absolute pleasure so far. I highly recommend this book to any new Christian as well as any seasoned ones!

Best summary of the Bible I have ever found. A lifetime of thoughtful study by the author condensed into an understandable, enjoyable read that will leave you feeling good.

This is a good version if you are used to Bible study. If this is for someone just starting get the

earlier version.

Ray Steadman's insight and understanding of the Bible is remarkable. This is a tool to use to help you understand what each book of the Bible is about. The history of the book, why and when the book was written, who wrote it and who it was directed to. I read Ray's commentary on each book before I read it in the Bible. It has helped me understand what and why the author (God) wrote the book. When you have an understanding of each book's purpose and how it fits into God's perfect plan, it becomes more alive and has blessed and increased my faith immensely. Romans 10:17 "So then faith comes by hearing, and hearing by the word of God. This old reference book needs to be resurrected and rediscovered by Christians.

Excellent Commentary !Ray Steadman is well respected in his field.

great resource for reading the Bible
