Technology In Action Complete (Evans, Martin & Poatsy, Technology In Action Series)

Synopsis

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. For introductory courses in computer concepts, digital literacy, or computer literacy, often including instruction in Microsoft Office. Explore, discover, and experience technology with the interactive *Technology in Action*—the book that uses technology to teach technology! This book offers a learning system that pushes the envelope of what is possible in technology, and what is helpful in teaching. Although students are more comfortable with the digital environment than ever, their knowledge of the devices they use every day is still limited. The authors focus on tasks that students can accomplish with their devices, and skills they can apply immediately in the workplace, the classroom, and at home. This book fits the way students are learning today. Also available with MyLab IT Pearson MyLab IT is an online homework, tutorial, and assessment program designed for Information Technology (IT) courses, to engage students and improve results. MyLab IT for Computer Concepts provides activities for Instruction, Practice, Review, and Assessment in a fully integrated course, providing a seamless learning experience. The integrated Pearson eText allows students to experience continuous digital learning in an interactive environment. Note: You are purchasing a standalone product; Pearson MyLab IT does not come packaged with this content. Students, if interested in purchasing this title with Pearson MyLab IT, ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information
