I think that the National Parks mini calendar is beautiful. I bought one for myself, The Spirit of Place, and I bought the National Parks mini calendar for a friend. (He and his family are planning to make a trip to Yosemite National Park during the summer of 2017.) I do recommend that packaging for mini calendars be reusable for gift mailing. The packaging for The Spirit of the Place was fine; I am keeping this calendar. I went to UPS for assistance in purchasing the right packaging for the National Parks Mini Calendar. Perhaps you could consider this for future posts of mini calendars.

This is just what I needed. To be super clear, it's definitely a mini calendar. The size description is completely accurate. But I needed a small one. A standard size wall calendar wouldn't have fit. The pictures are bright and clear. They pack some really incredible detail. The parks are beautiful and

just the little pick me up I sometimes need during a long day inside at work.

Beautiful images on this great calendar. It was a fun stocking stuffer for my husband especially since we have visited half of these sites in the past several years. Lovely purchase and good quality especially for a mini sized calendar. Fits great anywhere.

I wanted a small calendar and this one is perfect.

Beautiful photos but poor printing quality. The pages don't line up properly--so the staples and folds are not where they should be. It annoys me every time I look at it (which is multiple times a day).

Good calendar size with great pictures for smaller spaces.

Beautiful!!!

someone found the best looking spots in our National Parks, took photos of them and printed them in a calendar for us to dream over.
