## **Synopsis**

Against his will, Noctorno Hawthorne, an undercover vice cop, finds himself embroiled in magic, mayhem, and parallel universes. Too late, he meets an amazing woman - only to find she's destined for his identical twin in another world. And things aren't going real great there. Noc is recruited to help save that world. What he doesn't know is his destined love resides there. Franka Drakkar wears a mask. A mask she never takes off, to protect herself in a world of malice, intrigue, and danger. When Franka meets Noc and he discovers her secrets, convinced she carries a midnight soul, having shielded herself from forming bonds with anyone, she struggles with accepting his tenderness and care. When Noc meets Franka, over wine and whiskey her mask slips, and Noc knows it's her - only her - and he has to find a way to get her to come home with him. And then make her want to stay.

## **Customer Reviews**

I'm a big fan. But this one, the real conflict was gone in the beginning and it was more the heroine having an inner conflict with herself the whole book and playing matchmaker. Since she was playing matchmaker I really wanted it to switch points of views with that. There was no sexual tension or build up to her romantic relationship like in KA true style. All of a sudden she just accepted their relationship and love. There was no fight for the romance. There were a couple times they had normal relation problems but the chase was not a chase at all. And that's what I prefer reading. The adventure to the fantastical world I love so much was done at the beginning. Good vs. Evil was done too soon as well. Just her arguing if she was a good soul or a bad one. Don't hate me. I really

love KA. Every single one of her books except this one. I stayed up until 4 to finish this but this book wasn't like the first 3.

Let me start out by saying that I am a Kristen Ashley addict. I have read all of her books (over and over again), and I was really looking forward to this one being released. However, after reading it....I doubt I will be reading this one over and over again. The twist of matching up the this world Circe and Dax....THAT I got excited about. I truly think (sorry, Kristin, backseat writing here), that the whole book should have been about the this world Circe and Dax and all that would have been involved in that match. LOTS of conflict there! Now, this could also be my bias because Golden Dynasty is way up there as a favorite book of mine.I will say that getting me to like Franka after all the thing said and done in the other books was quite the task, and Kristen pulled that one off for me fairly quickly. I just didn't FEEL the love for Noc and Franka together. Maybe it was because it happened so quickly. Or there was very little conflict like in most of her other stories.No worries, Kristen, you're still my favorite! One "meh" book for me won't cause me to break up with you :D

I'm a huge fan of Kristens. But when I bought the book I was expecting what she normally writes. I would not buy this book til it was .99 cents or free.It was boring, lacked adventure. The man was a kiss ass man to me. And there was really no story line about the herione. More of a write itn at the end just skip to when they are old and have kids. Nothing really exciting at all. Very disappointed in this book.

Let me first state that I totally love Kristen Ashley, she is my all time favourite author, my autobuy on , her books are my go-to stories to read over and over again. So I feel pretty disloyal writing a less than glowing review when Lahn and Tate are the best written book heroes I know. But I wasn't even able to finish this book.....I persevered for three quarters of the book but it just didn't hold my attention. Too long and no real plot I'm afraid. So sorry Kristen...please forgive me :(I miss the action packed plot lines that Kristen Ashley does so well (Rock Chick series is fab-u-lous!), plot seems to be totally missing from this book. There's too much speech making by the hero and heroine, not enough angst and not enough action in this one (in the last couple of books released if I'm really honest).I LOVE Kristen's self published books. Ditch the editor and go back to the tried, true and uniquely Kristen style I say!If you are new to Kristen, don't start with this book, there are so many others that will rock your world (actually you wouldn't start with this one anyway, this is by no means a standalone book). "Sweet Dreams" was my first and still my favourite (you never forget

your first, do you?).

This book starts out wonderfully, and all i could think was "Kristin's back." Then it was so painfully boring that I wanted to cry. The sex that should have sizzled was already too late by the time you get to it. Franka became sweetness and light. There was little excitement of being in our world...just smooth sailing. Until a faux conflict for 10 pages at the end. At least I didn't hate the characters like in Magdalena series. I did t even finish those. Disappointed. Ok if you're already a fan, but if it had been my first KA book, it would've been my only.

I feel like a broken record when I say I loved this series. Andi am sad itÃ¢Â™s over, but I am soooo glad I took the chance and read them. Again I have said it before but fantasy isn't my genre usually but this series made me a believer, getting lost in another world is just as fun as if it had been vampires or wolves. This book dealt with the other Noctorno, and Franka who wasn't very nice in past books but we learn why she does and is the way she is. ItÃ¢Â™s very sad and we see why she wears the mask she does. I very much enjoyed the switch bring her to his world and Frankie havenÃ¢Â™t to learn about it was neat and something I am glad the last book had. We did have a little of that when the other Noctorno came to this world, but he adapted so fast you never would have known he was from a different place. Overall I say woohoo to this series for sucking me in through 5 full length novels that are not small at all. But I am left smiling and happy I did so. I will say this Tilly is freaking amazing with the narration of all of these books. To say I am a fan is the biggest understatement she did a fabulous job with each character not only there words but the way she brought each one to life, with their own voice. I am in awe of this talent.\*You don't have to like my review but its 100% my opinion, and I am allowed to have it.\*
