Love the stickers in these books. My boys play with these a LOT. Sometimes they use the stickers to make scenes on paper and other times my toddler just likes to run around with his favorite sticker of the day, or sit and name all of the objects in the book. Great for practicing colors, numbers, new words, etc. and so far each book in this "Eye Like" series has been very nice and much fun for each of my kids. Not a lot you can say about stickers, but my kids enjoy these more than I expected, to

the point my older child specifically wanted more sticker books of THIS brand, so that says something. Hope they keep coming out with more sets!

My 2.5 year old son loves these sticker books. Each book has a nice variety of images and sizes. The vast majority of the stickers are pictures. The rest of the stickers are simple shapes (hearts, tear drops, fish) in a solid color. They stick well to the cover of the book (some of the books have land/water scenes to add the pictures too) and reasonably well to computer paper. They don't stick to construction paper.

OK so the only reason I am giving these "stickers" 2 stars instead of 1 is that they ARE beautiful. If you are looking for beautiful stickers to stick to something with glue then you have found them. I have found that most reusable stickers don't stick all that well, but these are TERRIBLE. My son was so frustrated that he told me to throw away the book. They kind of stick to the actual cover of the book or other glossy type pages, but they do not stick to paper at all. If the book itself came with some glossy pages to stick the stickers to, then it would be a better product. I have found that the Priddy and DK reusable stickers work better, are beautiful, and have pages where you can place the stickers. I am seriously going to use glue to put these somewhere and am going to return the other Eye Like book that we purchased at Target. I would have returned this one as well, but my kids have already pulled apart two pages trying to get some to work and it is not worth the cost of shipping back.
