## Synopsis

A #1 bestseller in Business A #1 bestseller in Home-Based Business A #1 bestseller in Motivational---Do you want to take control of your financial destiny, and not spend your life in a cubicle? Do you want to build a profitable business - automatically? Are you struggling to make ends meet and trapped in a career you don't love? Or just tired of getting paid 'what you're worth' instead of what you deserve? Small business owners, entrepreneurs, and dreamers - you need to read *Serve No Master* - as soon as possible! In this book, you'll learn how to smash the chains that have limited your financial rewards for far too long. You cannot underestimate the power of believing in yourself. Learn how to blast through every roadblock keeping you from achieving your goals. From "not enough money" to "lack of connections" to "not enough time" to "I just can't seem to do it," *Serve No Master* takes laser aim at all the excuses and breaks the process down into small, simple steps that anyone can take to become wealthier, better connected, more talented, and more free. It doesn't matter if you're already working at home, squeezing in a little extra time after your job, or you don't even have a plan yet; get ready to smash your chains and gain a better financial outlook and more free time to do what you love! Packed with advice you can put to use right away; you'll learn how to keep your audience eager and ready to hear from you. What pragmatic and actionable skills will you learn? How to build a business around the unique skills you already have. The simple technique for getting titans of industry to pursue you for business deals. The secret to getting paid over and over again every time you work. The foolproof method for removing all risk from your revenue streams. The most common mistakes even smart entrepreneurs make and how to avoid them. The singular best way to create the unstoppable habit of success. How to get complimentary hotel room upgrades, slash your rent, enjoy cruises for pennies on the dollar and travel like a boss. Also the following insights: The 4 critical mistakes you must avoid to keep your business from collapsing. Six different ways you can use the power of friendship to accelerate your business. A step-by-step guide for finding your unique talent and using it to build a business. How to structure a business so that you make money even while you sleep. PLUS, examples to jumpstart the process! Here's what this book ISN'T: this isn't about selling you some other course, multilevel marketing or getting a five percent bump in your paycheck. This is about building a consistent, unique and authentic business that you can sell when you're ready to retire. How will your life improve? Never live in fear of a boss ever again. Go to sleep knowing that your children's FUTURE IS SECURE. Follow a process only a few LEADERS have figured out. Build a business that lets you live on a tropical island. ## **Customer Reviews**

I read a lot, especially about self-improvement, and have found some very helpful resources. Serve No Master is an excellent one. Not only does it provide a wealth of information on getting your \$hit together, it is refreshing, well-written, and near impossible to stop reading. Jonathan has a very engaging and readable style that is more conversational than instructive in nature, which makes it all the more enjoyable. Hope to see you in your paradise someday. Cheers, John!

I have read numerous books about making money online, , and in multi level marketing over the years. This book is a bit different and was quite refreshing to me. Jonathan seems very honest and sounds like he does really want to help people step out from behind that machine and stop being a

cog in the wheel. I am already making money online, but he has given me more ideas to generate new revenue streams and has newly inspired me to reach new levels of independence! Happy reading!

I go into books like this one with caution which is why I always read a sample first if its available. I got halfway through the sample and knew I needed to read the whole book so I purchased it and read it between calls at my cube job. It kept me motivated and helped me to see my job in a different mindset. Being part of a corporation steals my soul a bit at a time. Dramatic? Of course but also truly how I feel. I read books like this one for an escape route. I found it! I now have an exit strategy. This book helped me to see that it does take time to build the life and work you really want. I have my 3 money goals and my pyrimad written down. I have my plan. I have already started to take action. Read the WHOLE book, you will not be sorry. I am ready to serve myself. Who will you serve?

The book, tells the story of how Jonathan overcame being fired, to now running his own business from a tropical island! As I read, I found I could identify because he was fired from being a professor (which I currently am), was naturally soft-spoken, (thatÃ¢Â™s me too) and had no entrepreneurial training (they donÃ¢Â™t teach you that in college). This isnÃ¢Â™t just a story, although he uses his experience to teach, it is a how-to manual on following him to success. Throughout the book, he emphasizes action, since not starting is a sure path to failure. Hopefully, he will approve, since this blog was started, with his encouragement, while reading his book! He says in his book Ã¢ÂœYou can become anything you want once you realize that itÃ¢Â™s just about putting in the effortÃ¢Â•. His self-proclaimed mission to help others overcome their boss and all the risks that come from a job are clearly proclaimed throughout the book. He covers topics such as networking, writing, cost control, selling, marketing, goal setting (they should be written!), motivation, failure, and more. He covers them in a conversational manner, so it seems like you are talking to a friend. I feel like he is a friend after reading this book!

When I initially picked up this book I was skeptical of its possible impact. I have read other self help books that claim to want to help you find ways to be successful on your own. After finishing it I am a true believer that Jonathan Green has a genuine desire to help others reach their financial goals and eventually break the chains that hold us back. This is not a get rich quick scheme, it clearly states that you have to work for the success but if you want to get off the hamster wheel of life and

live on your terms pick up this book! This book has been a road map for what it takes to be successful on your own. I can not wait to get my journey started! Blog coming soon!!! If you want to escape the rat race or simply supplement your income, this is the book for you. Take the time to invest in yourself by buying and finishing this book.

I like the book to a large extent. There were some parts that for me did not need to really be there - like several mentions/descriptions of author's life on the tropical island - and it's not out of envy, just to read about the same thing for the 5th time was a bit boring. Also for me as a non-US person, the part about traveling was somehow BAU (i.e. did not need to be told about it, already travelled a lot, spend years in NC, US etc. ) Other than that, fantastic book!! Highly recommended, I think I am going to give this a shot, name already registered, now onto finding the best hosting :D

Jonathan Green is now, officially, one of my mentors! I got so much great info from this book, and he has lots of other free resources! It's a great road-map to business success and everyone must read all his stuff!

WOW! I had absolutely no idea that this book was going to be so good! It's certainly comparable to the 4 hour work week. I literally couldn't stop reading it. There are so many truths found in this book that it is essential reading for anyone in an ordinary 9-5 job who isn't completely happy. Life's short, I'd recommend reading this book before you realise how much time we've all wasted doing things we don't truly want to do.
