The Truth About Muhammad: Founder Of The World's Most Intolerant Religion

Synopsis

Muhammad: a frank look at his influential (and violent) life and teachings

In *The Truth about Muhammad*, New York Times bestselling author and Islam expert Robert Spencer offers an honest and telling portrait of the founder of Islam—perhaps the first such portrait in half a century—unbounded by fear and political correctness, unflinching, and willing to face the hard facts about Muhammad's life that continue to affect our world today. From Muhammad's first "revelation" from Allah (which filled him with terror that he was demonpossessed) to his deathbed (from which he called down curses upon Jews and Christians), it's all here—told with extensive documentation from the sources that Muslims themselves consider most reliable about Muhammad. Spencer details Muhammad's development from a preacher of hellfire and damnation into a political and military leader who expanded his rule by force of arms, promising his warriors luridly physical delights in Paradise if they were killed in his cause. He explains how the Qur'an's teaching on warfare against unbelievers developed—with constant war to establish the hegemony of Islamic law as the last stage. Spencer also gives the truth about Muhammad's convenient "revelations" justifying his own licentiousness; his joy in the brutal murders of his enemies; and above all, his clear marching orders to his followers to convert non-Muslims to Islam—or force them to live as inferiors under Islamic rule.

In *The Truth about Muhammad*, you'll learn—

- The truth about Muhammad's multiple marriages (including one to a nine-year-old)
- How Muhammad set legal standards that make it virtually impossible to prove rape in Islamic countries
- How Muhammad's example justifies jihad and terrorism
- The real "Satanic verses" incident (not the Salman Rushdie version) that remains a scandal to Muslims
- How Muhammad's faulty knowledge of Judaism and Christianity has influenced Islamic theology—and colored Muslim relations with Jews and Christians to this day.

Recognizing the true nature of Islam, Spencer argues, is essential for judging the prospects for large-scale Islamic reform, the effective prosecution of the War on Terror, the democracy project in Afghanistan and Iraq, and immigration and border control to protect the United States from terrorism. All of which makes it crucial for every citizen (and policymaker) who loves freedom to read and ponder *The Truth about Muhammad*—This text refers to the Preloaded Digital Audio Player edition.

Facts have a habit of intruding into our wistful thinking and thinking that all religions promote the same universal values is a fantasy that we in the Judeo-Christian west must start grappling with. Well researched book even if it's message is unsettling.

Every westerner should read this book, muslims just don't think the way we do.

This is a good starter text for one who is just beginning to sort out the differences between Islam and Christianity. I want more! Biblical scripture could enhance Spencer's facts. I say facts because the data submitted is verifiable even in Islamic circles. It clearly delineates the fundamental differences between the teachings of Muhammad and Jesus Christ. It makes clear the two philosophies cannot peacefully co-exist. I am also sold that Muhammad's Gabriel was not Mother Mary's Gabriel and can present differences to anyone who seeks the truth.

Very fair and yes balanced, no axe to grind just the facts and the truth. The truth these days seem to be in short supply along with facing the facts. A great read, every child, teenager and adult should read this and the Complete Infidel's Guide to the Koran. And the truth shall set you free.

The book is very good about a very difficult subject. It is filled with subject matter which is very worrisome to any Jewish or Christian reader, and it is in significant theological conflict for them. If you know and love Jesus and the Holy Spirit, you will not like the deception Aiesha believes and confirms to Muhammad at the critical point in the story. From that place forward, Muhammad's goals are set and the history of the world is set to be critically altered and millions are set to be murdered simply for belonging to JesusThe Christ, or for following the Torah. Further, millions are set to be

killed because they followed Muhammads teaching and therefore entered conflict after conflict in which one side or the other will be killed. Satan loves to see such massive deaths of those who have had no opportunity to hear the gospel of the Messiah, Yeshua. A great tragedy, filled with misery for all. Even the man Muhammad, who was a great general and warrior dies in a moment of treachery, by poisoning of his meal in a supposedly safe camp. A most unhappy story whose unhappiness is still spreading across the earth every day.

Very detailed. Glad I got the book.

good reading

In this day and age when Muslims are trying to kill us all and take over the world, it is incumbent on us all to understand why so many of them claim to hate us and consider us infidels. The answer is Muhammad, he is the all in all of the Muslim traditions, way of life, method of worship, and motivation for the conquest of the world for Islam. Pull your head out of the sand and understand the people that hate you and your children. The book is a big help in understanding the Truth about Muhammad, and ultimately, why we see all the killing by Islamists all over the world today.
