Common Weeds: Coloring Book

Synopsis

Weeds are not simply costly nuisances; with their often sinister beauty, remarkable adaptability and vigor, and their frequent medicinal, narcotic or nutritional uses they can be fascinating members of the plant family. The 45 weeds illustrated here by Stefen Bernath are typical, important weeds, likely to be found almost anywhere in the United States. Full captions identify them, with both botanical and popular names, and offer descriptions, habitat, and weed lore. Each weed is shown in full color on the covers.

Book Information

Paperback: 43 pages

Publisher: Dover Publications; Clr Csm edition (June 19, 2013)

Language: English

ISBN-10: 0486233081

ISBN-13: 978-0486233086

Customer Reviews

Lovely line drawings, perfect for coloring, and an excellent way to learn the weeds.

I love the simple pictures and will be able to use them for our educational program for children.

Pictures are a little hard to color but they are beautiful none the less.

comes with pictures of what that it would like and i try to recreate the colors

Love this book

You can even learn a bit about the plants!

Very challenging since this book only have weeds, but good keep me going for hours. I recommend this book.

I love having fun leaning about common weeds. Pesky plants.
