Jokes: Best Jokes 2016

Synopsis

We all love a little laugh as it helps us in getting fresh and hearty. Who doesn't likes a good session of jokes? If you too are looking to add a little humor to your life and you would love to have some rib-cracking laughter sessions, we have a perfect book for you. The Internet is a vast repository of jokes and the list is practically too big to handle. However, not all jokes are funny, and damn, we all know how much it frustrates to hear a joke (and some pathetically long ones too) and then end up wondering WTF, where did that go?! Heck, I didn't even twitch an eyelid, leave apart laughing. So, to spare you from all such bloopers.... We have brought for you the best jokes of 2016, compiled all together. We have spanned multiple dimensions and we are sure that you can't keep a straight face as you listen to the jokes. They are just too funny to simply smile. We had a cracker of a time compiling it as we broke into fits of laughter. So, are you all set to truly have a fun ride by dabbling on the best jokes that were hot on the Internet?

Customer Reviews

I enjoyed reading this book until the very last page because it's really funny and very entertaining. I couldn't stop laughing, some of the jokes are 101% hilarious. They say, "Laughter is the best medicine" and yes I agree with that. This book will not only put a smile on your face but it will also brighten your day. A simple smile or laugh can change your mood. This book is simply perfect for everyone. The author, Kevin Murphy did a great job in compiling and selecting the best jokes for this year.

I enjoyed only a couple of the jokes in the book. Most you can find on the Internet. It felt like the

author took what he found and put it into this book, albeit very poorly translated. The biggest problem with the book is that it was poorly formatted and contained quite a few spelling/grammar mistakes that took away from the jokes. Many of the jokes were also way too long.

When bored or feeling low, why not take a deep breath and grab this book! As the popular cliché goes, "Laughter is the best medicine". Spend some time to sit back, relax and laugh. Read over the best jokes this eBook purposely compiled just for your fun and laugh trip. Break the ice and laugh all you can as you enjoy reading every page of this book!

I found this book entertaining. Personally. I consider myself a funny person and, after reading these jokes, I can see me using them in conversations with friends or as an icebreaker. There are jokes for all tastes, the classic style that always make you laugh and others which I had never read before. The author Kevin Murphy was very witty and funny, actually, I can imagine myself laughing at his jokes and comments at a meeting or standup comedy, he seems like a very cool person. Honestly, I recommend this book to have a good time and continue to increase the arsenal of jokes, because, as he said within the book "If there is something even sexier than a hot woman, man, it has to be a sense of humor".

I love having a good laugh but sadly my comic timing isn't that great. When I stumbled upon the book, I was really excited to have it. This book is a great pick for anyone who would love to have a great laugh. The best thing is I tried telling a couple of jokes to my friends and we all had a fantastic time. Some punchlines are so good that you will be left laughing very hard. I would recommend this book to everyone.

This book is a small price for a large amount of laughs. While I never heard these jokes before, they reminded me of jokes that would likely be told by my favorite television boss of all time, Michael Scott. I could picture him holding a staff meeting and going off topic telling some of these jokes. I highly recommend this book for those that are fans of shows like "The Office" or just general fans of comedy.

I am the brother of the author, so I had the chance to experience most of those jokes! :) I really love the way this book is written: funny and short jokes you can tell anywhere. No worries about your narration skills, no long and/or boring stories. Daily giggles with your colleagues, friends and

family guarantee

Funny, silly but thoroughly enjoyable jokes. This book has one after another of funny jokes that are most suitable for young children- perhaps not too suitable for adults. I enjoyed it and recommended it for anyone who wants to have a bit of a laugh.
