My students love these songs. We sing them as a class and use them to act out the stories in the Times Tables the Fun Way Book for Kids. They really work to keep the jingle in the kids heads so they remember the times tables. --Mary Henderson Salt Lake City, Utah
Songs to Remember Times Tables is the perfect music accompaniment to go with the Times Book. My son loves to listen in the car and silently sings parts of the songs to remember his times tables. --Sara Jenson Park Ridge, Illinois

These songs aren't sung...they're recited. I think this could be a useful educational tool if a professional entertainer had been tasked with performing.

Worst children's CD EVER.....! Don't deserve a star

Awesome

Didn't help my granddaughter at all.

What a fun cd. My kids and I love it. Kids are 8 and 11.

This CD could be better advertised by saying "only buy if you have the work book". I bought this for my 8 year old and she won't listen to it. The songs are random and if you don't have a work book they won't teach your kids any times tables at all. I understood buying this would be better if I bought the work book BUT I still thought I would get complete 1-12 times tables to sing a long too. I wish I could send this back.

My grand kids love this music CD! They dance along and sing parts of the songs to remember the answers. You need the Times Tables the Fun Way Book to look at the pictures while you listen though. It's awesome! They especially like the rap song to teach 3x4 and the sound of the horn honking for the kid who drives the 4 by 4 and can't wait to be 16.
