Arctic Freeze (Race The Wild #3)

Synopsis

The air might be freezing, but the race is heating up! Dev can't stop thinking about how much he'd disappointed his dad by signing up for The Wild Life. But to win a race through the frozen Arctic tundra, where animals are ferocious and nature is extreme, the red team needs everyone to give it their all...even Dev! And if he doesn't, his new friends may be giving him the cold shoulder... Each chapter in this action-packed adventure series is bursting with totally true facts about wild and wonderful creatures, dangerous habitats, maps, and more!

Kristin Earhart grew up riding horses, pestering her cat, and reading books about amazing animals.

These days, she lives with her husband and son in Brooklyn, New York, and writes books of her own. She still loves animals. But now, when she pesters her cat, the surly cat pesters back.

My 8 year old son loves reading this series. He really enjoys realistic fiction and I like that he is learning while he is reading. He is almost done with the last book in the series and is searching for something to read while waiting for Next Ranger in Time to get released and another book from this series to be published. I would definitely recommend this series as a mother and a teacher.

Didn't give grade level and found out after I bought it for younger aged kids. so disappointed.

Grandson was thrilled Christmas morning when he saw this book
