Montana Heat: Escape To You: A Montana Heat Novel

Synopsis

A Montana man always protects the woman he loves. He discovered her during a Montana blizzard, freezing cold, impossibly vulnerable, a little boy by her side. Undercover DEA agent Beck "Trigger" Cooke is astonished to recognize Ashley Swan - award-winning actress, famous beauty...and missing for over a year. To keep her and the child hidden from a sadistic madman, he secrets the pair away to his isolated home. No longer a prisoner, and protected at Hope Ranch, Ashley recovers and learns the tall, tempting federal agent may have a dark past, but it hasn't destroyed his sense of honor. As they shed past roles and find common ground, Ashley and Trigger can't help but fall slowly, carefully in love. But danger still lurks outside the boundaries of Hope Ranch, for until her crazed captor is brought to justice and Trigger's undercover past is laid to rest, none of them will ever be truly safe.

Western

Customer Reviews

I loved this book so much! I am such a huge Jennifer Ryan fan. I adore everything she writes but this book was phenomenal! I fell in love with Beck way back in Stone Cold Cowboy and have been waiting for his story. Ashley was his perfect match. Just as damaged as he is and needing to find peace as well adapting to a new normal in a new world. The story and plot twists made me unable to put the book down. And I've already pre-ordered the next book!

As always a pleasure to read a well written book. A good storyline and excellent character

development. I am a big fan. Love her books.

Jennifer Ryan is my favorite writer! She can do no wrong all her stories are my favorite. This book was amazing. 5 stars for sure.

If you like suspense along with a good love story then this is the one for you. Really good story

Another amazing new series by Jennifer Ryan. Again she has you hooked from the beginning. Plenty of suspense and romance.

Jennifer Ryan is on her game with this newest addition to her Montana Heat series. It's an intense ride right from the start as we find beautiful missing actress Ashlely Swan being held against her will by a mad man. Desperate to escape she takes her chance and sets out into a blizzard with a small child she is determined to save with barely enough strength to put one foot in front of the other. Close to death, Ashley and little Adam are discovered on his remote property in Montana by wounded DEA agent Beck Cooke. As he takes Ashley and Adam into his home and learns their horrifying story, he finds his heart and soul slowly beginning to thaw. After years of working undercover pretending to be someone he's not, Trigger is a shell of his former self... until these two lonely and broken people touch him in ways he never thought possible. This is a rich and satisfying love story because both Beck and Ashley have been through hell and it's only by letting each other in that they slowly begin to see a life worth living again. With Ashley's maniac abductor determined to get her and Adam back, Beck has his hands and his heart full and vows to protect them with his life. Knowing he has his own demons to chase with a drug lord from his past determined to take him down, Ashley and Beck will have to risk it all to have it all and it's a heck of a ride for the reader! The novella Montana Heat: Protected by Love is the intro to this series and is also worth reading. Five stars for Jennifer Ryan and Montana Heat: Escape to You.
