Just what I needed for my classroom!

This is a great little book not only for kids but for adults who want to know a little about Australia and surroundings. The pictures were good, and the facts and figures were presented simply with no fuss. It really is a little gem of a book. My 87 year old mother is curious about world cultures so we gave her an Australian virtual vacation. This book was one of the highlights for her. For adults a gift of Aussie beer or wine and this book would be a thoughtful and unique.

Great for my daughters 4th grade project. Very informative and has a lot of info jam packed into a

small book.

great for students studying this continent

You can never go wrong ordering from Scholastic. Their books are always the age stated. The colored pictures are excellent.

Good pictures and short but concise text. I am using this with my first grade class to teach nonfiction in our Australia unit and they really enjoy it.

My class loved this book! They were intrigued by the information and it presented interesting facts about Australia and Oceania.

Well presented, nice pictures, my 7 year old loved it and was able to read it independently. Would buy others in the series
