This volume combines two reference books that have had the approval of Hispanic evangelicals: 'Hermeneutics' and 'Introduction to the Bible'. The first writer was E. Lund, a profound teacher in Biblical studies. This book would meet a need in the Hispanic evangelic community. The second writer is Alicia C. Luce. Her book answers many of the questions in regard to the origin and translation of the Bible. Editorial Vida presents this book not only for the pastor, evangelist and the working Christian, but for all those who have a passion for Biblical studies.
