Needed for school

This text is old and outdated. It was listed as used and in very good condition, but it was far from very good. It hasd so many different color of highlighting and ink pen underlining and edge notes is

hard to read.

I chose this rating because the book is in good condition. I have nothing more I want to say except it was worth it

Item arrived as described.

If you're ever having a sleepless night or suffer from chronic insomnia, this book is for you. Just pop it open and by the end of three pages, you'll be right where you want to be: sleeping quietly and comfortably.
