Genuine Lies

Synopsis

New York Times bestselling author Nora Roberts weaves scandal, celebrity secrets, and murder into an explosive novel of Hollywood almost too wicked not to be true: the story of a legendary actress who knows too much - and the woman she's chosen to reveal it all.... Eve Benedict is the kind of subject who could make any biographer's career. Last of the movie goddesses, she has two Oscars, four ex-husbands, and a legion of lovers, both famous and infamous. Now she is ready to write a tell-all memoir that has even Hollywood's richest and most powerful worried. Julia Summers never dreamed of being chosen to tell Eve's story. But even if it means transplanting herself and her ten-year-old son from their quiet life in Connecticut to the withering limelight of Beverly Hills, it's an opportunity too great to pass up. But Julia never imagined how far someone would go to keep Eve Benedict's book from being published... until she discovers just how dark Eve's secrets are. And the one man Julia hopes she can trust - Eve's stepson, Paul Winthrop - may have the most to gain if his stepmother's story is never told... and if Julia's life ends before she can write a word of the truth.

Customer Reviews

This story intrigued me because I kept trying to figure out which "golden era" movie queen it was based on. It had so many snippets of the lives of the 40's and 50's leading ladies! Nora Roberts wove them into a tale of glamorous Hollywood with an original ending that was a real surprise. Interesting and intriguing.

This is my 47th Nora Roberts book. Then there's also 26 J D Robb books to my credit. Love Nora's work any way I can get it. Keep up the good work dear lady. Paula N. Bundick

This book was great! Lots of twists and turns and surprises. Usually I can figure things out, but this one kept me guessing right up to the end. I fell in love with the characters, vividly portrayed.

This book was intense! I couldn't wait to see what happened next. It was a little more explicit than other Roberts books but this was probably my fave to date. I loved the characters!

This is another great novel by Nora Roberts. There is enough suspense, drama, and a smidgeon of romance to keep you hooked. Nora Roberts has a knack of writing about *real* people, the kinds of people you can identify with in your own real life. The characters evoke empathy, sympathy, loathing, and affection in the reader, and this novel is no different.

I love Nora Roberts and this book did not let me down. I cared about the characters and disliked some of them, too! Ms Roberts is a wonderful story teller and can really suck you into the story and make you care how things end for the characters. I will continue to read her and highly recommend this contemporary novel to all.

This book was written several years ago and Nora has continued to improve with each book she writes. Since I am a long time fan and know the quality of her writing now, I can see the difference. This is still an excellent read, with suspense and really good interaction between the characters. There is a plot twist that I really didn't see coming, which really enhances this story.
