Customer Reviews

Set against the background of folklore myths and legends, Bird's Eye and Other Stories is a

collection of five uplifting and motivational stories for kids five years and older. In fact, the strong moral content of the book qualifies it as a great reading material for any age group. Author D. R. Tara scores again with this, the sixth in the series of 'Illustrated Moral Stories for Children'. Complete with colorful pictures for every story, this children's fiction graphically illustrates each moral and theme with clearly written stories that are easy to understand and follow. Themes such as 'success comes when we keep our eyes focused on our goal', 'the priceless nature of true love and friendship', 'friendship knows no barrier', 'anger never wins' and 'the value of forgiveness' are well developed and presented in such a simple yet profound way that they speak volumes to all personalities. The length of the stories is short, which makes it well suited for bedtime. Children can fall asleep having learned a valuable life lesson; and the good thing is, these lessons can be re-enforced over and over again. As the sage, Perry told his wife, "Though he has done us great harm, I still love him. He acted in rage because he has not found God" What Divine Forgiveness! And what a lesson to pass on to kids! This book is worth the reading.

D.R. Tara's book for children, 'Bird's Eye and other Stories' is one of the best bedtime story books for kids by all ages I've seen in months. Even at the get-go, you'll see it has everything young readers love to find in their kids illustrated books: colourful illustrations, exciting stories, and a moral lesson that neatly wraps it up in one powerful, life-shaping emotional impact. The 'Bird's Eye and other Stories' consists of five tales, each of which focuses on one important nugget of wisdom: 'Bird's Eye', for example, is about focusing on your target and not allowing room for distraction or discouragement, while 'Anger Makes One Weak' is a compelling fleshing out of the vicissitudes of nurturing anger in your heart, and what you must do to get rid yourself of it. As mentioned, the five stories are carefully written in a way that even the youngest reader (actually, you will want to read this book to your children in order to explain certain complex concepts to them) will understand them. What's more, this is only the sixth in D.R. Tara's series of children's picture books for kindle; there's a lot more where this comes from. So get a copy of the previous five books, too (you can find them by clicking on the author's name). Overall, this is an exceptional book for kids. If you're looking something that will entertain and teach kids about life-affirming values, get a copy of this and also get the previous five books. Highly recommended to every parent out there. Five solid stars for this one.

I was searching for good kid's books and kid's illustrated books to read to my son

before bedtime and I found D.R. Tara's Bird's Eye and Other Stories. We love reading about myths, legends, and folklore and Tara did not hesitate to deliver in this 6th volume of the Illustrated Moral Stories for Children's Series. This book was engaging and entertaining with illustrations that make the imagination soar! Really good children's picture books for Kindle are hard to find, but I am happy to have found this book that has bedtime stories for kids of all ages (including myself). If you want eloquently written stories with beautiful illustrations, buy this book...you'll be glad that you did!

Given To Me For An Honest Review This book has several stories in it. Each story teaches your child a valuable lesson. The lessons such as 'success comes when we keep our eyes focused on our goal', 'the priceless nature of true love and friendship', 'friendship knows no barrier', 'anger never wins' and 'the value of forgiveness'. Thus your child's life lessons have began. This is a great read and I wish I could give more than 5 stars for it. I highly recommend it to all.

There are a few stories in this book that could be seen as a mixture of fables and parables. I enjoyed reading this book because they were different from the usual stories and seemed to have a little bit of foreign culture included in some of the stories while others mentioned higher powers, both good and evil, but did not seem to relate to a specific religion. It seems the author took care to relate to a variety of cultures in this book.

Nice short stories that could cause a discussion of good and evil, right and wrong. Could have been longer but hey it was free.

Author D. R. Tara has done a wonderful job blending story-telling and morals into these five inspirational stories for children. I read these to my 8-yr old granddaughter, who loved them as much as I did! Our favorite is "Bird's Eye", which teaches children about keeping their eye on the target, and that concentration and dedication are the keys to success. I found all five stories to be very entertaining and enjoyable. What better read for children than an entertaining story wrapped around a moral? I will definitely be keeping this title on my Kindle!

So, 'Bird's Eye' is the 6th book in the 'Illustrated Moral Stories for Children Series'. My girls and I are big fans of these amazing children's books. Not only are they very engaging, well-written, and full of eye catching illustrations, but the books all have stories with excellent morals

and great endings that make the children think about what they've learned. This one didn't disappoint. I know I can count on each story to entertain my girls again and again. Highly recommended!
