## Customer Reviews

Great book!! I love these DK books. My 9 month old daughter loves the pictures of faces. And I'm sure she will learn the body parts as she gets older. The Spanish translation is perfect

This is a well illustrated and complete guide book to a toddler's body. I have a 2.5 year old and a 10 month old and they both enjoy reading it together. It is interactive and full of photos and comparisons. Perfect small size board book for small hands.

This is a great book for a sometimes Spanish speaker looking to teach her child. The book has words and sentences. It teaches you parts of the body with very specific places (ie. head then eyebrow, cheek, etc. and also colors, textures, length of hair, eye colors, etc.) It also teaches you some action words that you do with your body (walk, crawl, dance, etc.) It is very comprehensive and easy to learn. I love it.

When I ordered this book, I thought it would have the names of only the body parts--it is so much

more than this. The sections in this little book include: My Body My Face Eyes (with eye colors) Hair (brown, curly, straight, etc.) My Hands My Legs and Feet Baby Faces (with emotions like surprised and excited) What can you do? (ex: sit, crawl, etc.) I can (ex: touch my toes, etc.) Senses: seeing, smelling, hearing, tasting, touching Summer clothes Winter clothes What time is it? (time to drink milk, time for bed, etc.) Counting 1 to 5 Counting 1 to 10 This little book is packed with a lot of information! Great job DK!

I purchased this book to be sent to Bolivia, South America. It's for a little girl that is having trouble talking. Her native tongue is Spanish. I thought it would be a good tool for her Mother to use.

Its pretty good! I pictured it like a big book though because it would be more easy to appreciate the context but still my 2 year old daughter love it!

Our little granddaughter will need to learn both English and Spanish so this makes a perfect little book.

My son's favorite book with all the pictures of babies! Lo favorito libro de mi hijo con tanto fotos de ninos!
