The Disney Storybook Artists will provide the art for this book. --This text refers to the Board book edition.

I love golden books. This one in particular because it is exactly the same as the one I had as a child in the early 80's. The quality is about the same as far as I can tell. It's refreshing to see a company that can sell the same items that they sold in the 70's, 80's, 90's and beyond without "updating" them to look like all the art was done by a computer. I adore the original illustrations and the memories that they bring back. I also love the golden spine, that is also now beloved by my 3 year old daughter!

A great add to our Golden Book collection! The same great quality at the fabulous low price that you come to expect from The Little Golden Books. We have read it a few times together and we even do the voices like in the movie. All in all, a great summation of the classic Disney feature, telling the full story in a short and sweet way so as to keep all the nitty gritty details, yet not overdone to bore or overwhelm small children. Definitely satisfied. Can't go wrong with classics.

Excellent delivery and packaging. Although golden books are not like caldecott winners for children I think they are very important in our culture as children of every decade loves those stories. These are stories that should continue in our society because children of about 4 to 6 yr old love them. Because of ordering it I started to ask people who are about 30 and 40 now if they read them when they were little and they told me NO. They never heard of them. What a loss! as they cannot carry on the tradition and the stories will get lost eventually.

I grew up on the golden books and I had to buy it for my granddaughter. Thank you.

Nice illustrations & a cute little book.

Very cute book the kids love it.

Classic fairytale...love it!
