Charlie The Ranch Dog: Where's The Bacon? (I Can Read Level 1)

Synopsis

Kids already love Charlie the Ranch Dog from the humorous picture books by Ree Drummond, the Pioneer Woman. Now hard-working, bacon-loving basset hound Charlie is starring in a series of illustrated books for beginning readers. In *Charlie the Ranch Dog: Where's the Bacon?*, a new dog comes to visit. Things get off to a bad start. Rowdy doesn't understand Charlie is the boss of the ranch. He sleeps in Charlie's bed, drinks Charlie's water, and worst of all, he eats Charlie's bacon. Charlie has to get Rowdy under control. And he really needs to find more bacon! *Where's the Bacon?* is a Level One I Can Read book, which means it is perfect for children learning to sound out words and sentences.

PreS-Gr 2-Charlie is a happy hound, the "boss" of his ranch, until another dog comes to visit and invades his territory. Rowdy eats his food, drinks his water, and even gets tummy rubs from his "mama." Charlie tolerates these affronts until he discovers Rowdy sleeping in his bed. That is the last straw. Charlie howls and scares the interloper right out the door and into the doghouse. However, instead of feeling better, Charlie realizes that Rowdy might be lonely out there and decides to go and share a bone with him. This early reader concludes with the dogs becoming

friends and showing children that sometimes sharing can make a real difference. This book has a solid story line and the delightful illustrations work well. It supports Common Core State Standards by providing new readers with strong content to support key ideas and details. An appealing addition to most beginning-reader collections.-Melissa Smith, Royal Oak Public Library, MI (c) Copyright 2013. Library Journals LLC, a wholly owned subsidiary of Media Source, Inc. Charlie the Ranch Dog isn't sure what he thinks about visitors. But Charlie will try to give the new dog on the farm a chance "so long as he stays away from Charlie's favorite things!

What a cute a book! Well worth anyone's time and money to get for their children. Dee really knows her dog well, as does anyone who has ever owned a dog. Loved it and want more!

Just when I think we might be out of "Charlie" books - here comes another one. Thank you so much, Ree Drummond. I have begun to purchase more than one, since my neighbors children have shown some interest as well. These books should be in every child's home library. They are rich with fun in knowing what might be going on in the ranch animals. Magic is the word for these books and I so recommend to everyone who has small children, grandchildren - or neighborhood children that might stop by for a read and a cookie. Highly recommend!

We have Bassets and our youngest is just as silly as Charlie. The books are beautifully illustrated, and I've sent all 3 to my grandsons. I've sent the first reader to my older grandson since he's in first grade and reading to his younger brother. I look forward to more Charlie Books.

Great story and good author!

I miss the large picture format.

Funny and grans love Charlie!

This book works great as a read aloud for little ones. She is fully engaged with the characters and make comments on almost every page. She asks for this one every day and even named one of her 'babies' Charlie. So happy to find Charlie books and will be getting more for our library. Short read

for nap time. Great for boys or girls.

This is another sweet easy reader about the cutest ranch dog around. You will not be disappointed by adding this to your collection. My Kindergarten class just loves this book.
