# A Cold War

## **Synopsis**

Nina Granville believes her business trip to Alaska will give her a short respite from the merry-go-round that came with her engagement to Congressman Terrence Donnelly. But instead of allowing her the peace she craves, Nina's getaway from the public eye means that no one witnesses her abduction into a very cold hell. Taken by a mountain man who calls himself Baer and then transported to a remote cabin surrounded by nothing but frozen wilderness, Nina descends into a nightmare of terror, privation, and bitter cold. Nina's privileged life did not prepare her for imprisonment at the hands of this survivalist trapper. If she is to live - and to escape - Nina realizes she must do it on her own. Undaunted and with startling determination, Nina pits herself against her captor, her fear, and nature itself in a battle for her life - but can she win against such deadly opponents?

## **Book Information**

Audible Audio Edition

Listening Length: 11 hoursÂ andÂ 3 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Brilliance Audio

Audible.com Release Date: October 6, 2015

#713 inÂ Books > Mystery, Thriller & Suspense > Thrillers & Suspense > Crime

## **Customer Reviews**

I loved the first 80% of the book. Good main character development, exciting plot, interesting descriptions of the harsh environment of Alaska. There was enough description of the horrors faced by the main character, but it was not overly graphic. Once they leave Alaska, the book is terrible. It has rushed, poorly detailed narratives, and the only reason you don't see the twist coming is that the main character doesn't tell us (even though she knows). Did the author take two different books and squash them together? Did he want to write part two, but just didn't have enough to make a second entire book? He should have stopped while he was ahead. I can even see ways he could have

included the last twist without rushing through the whole second plot. Why did the editors allow this? I was very disappointed, since the last part ruined my love for the main book.

This book was so exciting and terrifying that I stayed up til 2 AM to finish it! I LOVED the ending! Loved the heroine!

Once again, Mr. Russell delivers the goods! Don't be surprised if you get a cold chill while reading this - the author's descriptive narrative is very well-developed - the kind of writing that a lot of authors only wish they could do so easily! This is definitely a worthwhile investment in both time and money!

But I liked it--there were parts that might be difficult to read, but if you are into crime or thriller-type books at all you will be fine.

A couple of plot "Why did the writer do that"? One in particular but I won't give it away. Although I accepted it, I still wonder if I read thoroughly enough to accept the unanswered question.

It was a book I couldn't put down until I finished. I thought nothing could be better than his Gideon and Sirius series but this was so very good. I am now reading all of Alan Russell books!

Good read.

An excellent novel...gripping and imaginative, a true thriller with a fantastic denouement to finish. Sound language construction and character development was vivid and linked very well with the plot.
