This is a great book for young children. It explains what a veterinarian does. I have been reading it to my PPCD class as we study Veterinarians this month. I only read the main text - not the additional text in the green box. Too many words! Great non-fiction read-aloud for pre-K aged children.

Daughter likes it. Why no five star... I don't know. It's not like she demands the book be read to her, she looked at it and I read it a couple times now it is collecting dust. Cute book though.

we loved the book!
