Skin Deep (The O'Hurleys Series)

Synopsis

Regrets. Even movie stars have them. Chantel O'Hurley's family was far away, her mansion was empty, and when she was threatened, there was no one to turn to. There was certainly no comfort in Quinn Doran. He looked like he'd been carved out of stone and he was just as intractable. But in that hardness was a promise: "I will keep you safe. I will bring you home." But could she get him to stay?

Customer Reviews

Nora Roberts is the number-one New York Times-bestselling author of more than 190 novels, including *The Search*, *Black Hills*, *Tribute*, *High Noon*, and many more. She is also the author of the bestselling futuristic suspense series written under the pen name J.D. Robb. Roberts has more than 400 million copies of her books in print.

This is such a great book, that I look forward to going back and reading these stories again like some that I already have, and I am impatient to read the rest of Nora Roberts' stories right now. Hot, Hot, Hot, love scenes, a well written, creative and intriguing story about family plus inventive, vivid characters, all on top of seriously wonderful love and romance. Each story is about one key person, usual in a family, or close group of friends, they are linked through intricate, messy links and it's almost like a movie you get the privilege of witnessing about these people's powerful, emotional, and often times painful journey towards falling in love. Roberts is one of my most favorite author's,

and she doesn't disappoint in this series. Her unique style and classy, yet moving love scenes, paint a beautiful picture that leaves a person longing for something similar for themselves. All of that is combined into this fantastic series and make this book a "must-have"!!!! I didn't want to set it down....seriously!! Lol I was nodding off over my book on several different occasions. Worth the price and more to have a Nora Roberts book in your library collection!!!!!!

This is another Nora Roberts earlier works and is a great series. Despite being a huge fan of Nora's works, sometimes I purchase her books on my Kindle only to find out I have read them before. Also, I think if she is going to "re-release" books, some modernization of the books could be done. It is hard to read a book that was re-released in 2013 where the characters don't have cell phones or computers. Seems almost lazy not to update the book before rereleasing but there is no better story teller than Nora Roberts!

I love Nora Roberts, her books are fantastic!!!

great

I love almost all of Nora Roberts books. The O'Hurley series is very good. It kind of reminds me of women of the Irish trilogy, each woman of the Irish trilogy has similar personality traits to one in the O'Hurley series. Either way, this was a great book. It would have been nice for Chantel to not act so snobby and unaffected by everyone, except Quinn of course. She just seemed so untouchable and fragile. It wasn't a bad thing, just wanted to read about someone a little less fragile. Overall it was a good book. I would definitely recommend this book as well as the other two previous books.

Good storyline, it's 3am, couldn't stop til I finished the book. Mystery with some good old fashioned romance too. Nora Roberts is the best!

An excellent well written story. Attention never wavered. Exciting! Have never been disappointed in any of Nora Roberts's books. Skin Deep exciting and well worth reading.

3rd book in the series. Story is different. Keeps you guess to find the bad guy and the love story is of course the thing that Nora does so well couldn't put it down. The O'Hurleys are a wonderful family. I would like to meet them! As always the relationships between family members is the thing.

Nora does best.
