The Last Honest Woman (The O'Hurleys Series)

Synopsis

Abigail O'Hurley Rockwell was a desperate woman. Journalist Dylan Crosby was going to start digging up her past for the book he was writing about her infamous late husband. It was just research to him, but to her it was a painful reality that had to be kept under lock and key for the sake of her children. Abby would do anything to keep their world safe "no matter how compelling Dylan's promises might be."

Customer Reviews

Nora Roberts is the number-one New York Times-bestselling author of more than 190 novels, including *The Search*, *Black Hills*, *Tribute*, *High Noon*, and many more. She is also the author of the bestselling futuristic suspense series written under the pen name J.D. Robb. Roberts has more than 400 million copies of her books in print.

This is such a great book, that I look forward to going back and reading these stories again like some that I already have, and I am impatient to read the rest of Nora Roberts' stories right now. Hot, Hot, Hot, love scenes, a well written, creative and intriguing story about family plus inventive, vivid characters, all on top of seriously wonderful love and romance. Each story is about one key person, usual in a family, or close group of friends, they are linked through intricate, messy links and it's almost like a movie you get the privilege of witnessing about these people's powerful, emotional, and often times painful journey towards falling in love. Roberts is one of my most favorite author's,

and she doesn't disappoint in this series. Her unique style and classy, yet moving love scenes, paint a beautiful picture that leaves a person longing for something similar for themselves. All of that is combined into this fantastic series and make this book a "must-have"!!!! I didn't want to set it down....seriously!! Lol I was nodding off over my book on several different occasions. Worth the price and more to have a Nora Roberts book in your library collection!!!!!!

Nora Roberts is good writers this no different the thing about her is while this a good book I enjoyed it she has become a lot better writer since this was first published . it is a fun read even if it is not as sophisticated as she now writes.if i had one it is she loves to write about the single mother because she once was one but like most of her single mothers this one has two boys it would be fun to see her write about a single mother who has a daughter and a son rather than only one sex.

Once again, Nora is the best. I read nothing but Nora for so many years and then decided to try others. I am not disappointed with the other authors who's books I have been reading yet after beginning this series, I realize how much I have missed Nora. I have already finished the second book about Maddy and it was as good, if not better, than Abby's story. What a wonderful family. The triplets are so alike yet different. You will not be disappointed if you buy this series. The O'Hurley's become such a part of you that you feel your bell could ring, you could open the door and the bunch of them could come in and hug you. Trace is the mysterious brother and his story will be the last one. Wait until the end of this story and your heart will soar.

This story was a great read! It helps support the notion that one can start one's life over again and be happy! Characters in the story have both lost their first spouses. They are able to stick together and develop a new love life to continue on.

When I think I have read the best book nora roberts has ever written, I find another best. The characters were incredible as was the story. The O'hurley books are in a category all by themselves, each one special in it's own special way. Bravo Nora

Ms. Roberts books have become virtually the same story line with the same characters. The premise of this book was especially boring. I need to take a break from her for a while.

I chose this rating because from the beginning it was evident that the ending was very predictable. I

read Nora Roberts because of her interesting style and plots. What I liked was the addition of Lizzy the Ghost and the search for her Billy. It was enough of a good distraction to know how the end of the story would develop. That was the reasons for my reading the whole series. I would recommend this book to those who like a little romance, history and intrigue.

have read the other more recent O'Hurley books from Nora Roberts and loved them so searched for what thought 1st in series. Bought and gave to mother as gift and then will have chance to read. Thank you for having this rare find.
