## Customer Reviews

I've bought 3 books based on yokai watch for my daughter in an attempt to peak her interest in reading. She said this was her favorite of the 3 and I found it on for \$.79!!! I always wonder if it might be beyond her level but is one of the few books she reads cover to cover without complaint. I'll post a pic of a page doo you can get an idea of the print size and amount of text per page. My daughter felt comfortable reading it and she is about to go into 2nd grade.

An adorable and fun book for any child who likes Yo-kai Watch. My 7 year old enjoyed reading it to his little sister.

My daughter adores yokai watch, especially Komasan, who she says is the cutest. I asked her if there was something she loved about the book. "Not just something, everything!"

So yeah. Its not great literature. Did you really expect it to be? Its a chapter book based on a tv cartoon--adjust your expectations and you'll be fine. My son has read it twice and its in his pile of books to read (for a third time). What more can you say than it has Ben 10 and encourages hard-to-please boy readers in the 7-10 age group to pick up a book instead of a video game and read! Highly recommended!

Very good book

My grandson loves all things Yo Kai.

my son loves every word in this book he is just crazy about this story and its recommended to all who is interested
