In His Name: A Study Of The Absolute

Synopsis

In this book, *In His Name*, the author brings the highest language that she knows. The highest practice is the science of Intelligence wherein that which is, is known to be all there is, and that which is not is known to be nothing. As the science of the mentality, called the art of right thinking, is above and beyond the science of the body, called physiology, so the science of Intelligence is above and beyond the science of mind, or right thinking, and this book is written in His name "the name of Truth" that immortals may drink with me of the river of the water of Life. Truth establishes you and holds you forever what you are. Rise, then, in your own name, which is His name, for there is none other name whereby you shall know emancipation. In His Name, the name of Truth, behold yourself as you are, perceive Truth as Truth is. Then will you find yourself in the land of peace and wholeness and in the world of joy and delight. "Lillian DeWaters --This text refers to the Paperback edition.

Customer Reviews

Lillian DeWaters was born in 1883 and lived in Stamford, Connecticut. She grew up with a Christian Science background and in her early teens began to study metaphysics and on that same day to seriously study the Bible. "It was from the Bible that I learned to turn from all else to God direct". What stood out to me above all else was the fact presented, that when they turned to God they received Light and Revelation; they walked and talked with God; and they found peace and freedom. • She published a few books while actively within the Christian Science organization, and then in 1924 she had an awakening experience when it was as though a veil was parted and Truth was revealed to her. From that point she began to receive numerous unfoldments which led to her separation from the Christian Science organization. She created her own publishing company and

became a prolific writer with over 30 books published in 15 languages. She was a well-known teacher and healer known throughout the world. All of her books were written based on direct unfoldments of Absolute Truth, and each book reveals specific Truth that serious students will immediately recognize and treasure. --This text refers to the Paperback edition.

What can I say, if you are drawn to read it you will understand

This is another of her books that lifts my Christian Science understanding to a new level - lifts is a word we all want.
