## Customer Reviews

I ordered this for my nephew, who saw it in another store. It came quickly, but I was very disappointed in the quality. The paper is really thin and it looks like someone photocopied the pictures. Badly. I think the nephew will like it anyway, but I don't like it.

I thought this was a wall calendar and was surprised that it was a desk one but that actually made me more excited. I love the individual days on it. The reason I only give it 3 stars is because when I opened it, the back had broken off and I had to re-glue it on. It works but it isn't as good as it should be.

As others have said, this calendar came with the base and pages unattached. Had to superglue them back together. The box was torn and wasn't packaged well. I thought it would be more than just a picture and an undistinguishable text.

Received broken. Seems like a cheap knock off. Not happy with purchase at all. We buy alot off of ,

this is the first time we have been disappointed. Especially when it was a gift. Not worth the hassle of returning.

My husband purchased this for me as a Christmas gift. I LOVE this calendar. I am a huge Harry Potter fan and I look forward to changing the date on it everyday at work (its on my desk at work).

My wife loves it. She can't get enough of Harry Potter soooo Five Stars it is. Probably her favorite Christmas gift (even over the most expensive gifts I gave her - what can you do I married a Geek).

Simple enough calendar. I read the reviews and looked at the product description and got exactly what I expected.

Absolutely love these calendars! Buy one every year excellent quality ThankYou :)
