GOOD BOOK.

Well written.

Excellent

Arrived in excellent condition.

This book has all positive things you can find in the science of apologetics. It is short and strait to

the point on the topic of Jehovah's Witness. It will prepare readers to discuss the truth in love with Jehovah witnesses. But most importantly it is going to teach the believer what a Christian is by teaching him what is not to be a Christian.

I was wanting to learn more about the Jehovah's Witnesses. Book after book talks about the same sorrows. It is ashamed that this has not been put before the Witnesses. This is nothing else but a cult and it is hard to convert back to reality.

can't seem to get into this read

Good book. Explains it very clearly on what they believe and why they are different than Christians.
