## **Customer Reviews**

Love the Winnie the Pooh design. Wish the calendar squares were a little bigger instead of having a "to do" list on every page. But overall I love it

The inside print is extremely light and faint making it difficult to see the dates. Had it been in bolder print this would be a perfect little pocket calendar. The cover is cute and everything else is great except for the light print. Will have to search for another one. :(

Exactly what I was looking for.

bought this planner because I couldn't find one in any stores that I liked this one is great and it fits in my pocketbook just right

It is nice, but the squares to write are small and print is very light.

I love Winnie the Pooh and needed a more convenient calendar to keep by and with me, so I had to try this, bonus that it will last two years. It's perfect for me since I don't have to keep track of much, but like someone said the squares for days could be a little bit bigger, but for me not that big of a

problem.

Dont buy this calendar - print quality very bad. Can barely see/read the calendar. Will have to buy another one bc this is useless.

The lines between the dates are very faint. Same Winnie the Pooh picture in the corner of the left page. Nothing special, especially if you are a Pooh fan.
