This advent calendar came very close to the ones of my childhood. The main picture depicts a delightful collection of animals busily going about town as they prepare for Christmas. Each window opens easily and cleanly and reveals a charming object of simple pleasure, such as an apple or a pair of mittens. The pictures all have a dreamy, watercolor or pastel quality. And the last window opens to the Nativity scene, which for me is a requirement for any advent calendar. I bought one for me and one for my granddaughter so that I could see what she saw each day. Her parents told me how much she loved opening her calendar and seeing what lay behind each window. I will look for Bernadette's calendars again next year when advent approaches.

The scene is lovely and I had hoped that as I opened each shop window or door that something

inside the shop would be revealed that would add more to the scene as a whole. Example: open a window to a house and see someone knitting inside, or lighting a candle, or baking cookies. But no. This one has you open a door to the tree in the evergreen forest and find...a basket of apples. In a forest of pines! You open a door to a lovely mysterious castle and find... a cottage! What? Show me a princess making cookies or something! Open the roof of a house and find a Christmas card! That would have been a perfect opportunity to discover someone getting a Santa suit out of storage! Anyway by day five I ordered a different one and hope it will be more along the lines of how I like my Advent calendars. If you are like me, you will not like this one.

still have one of these every Christmas for old time's sake... this was one of the best ever.. beautiful design.. fun to open .. keep 'em coming...

This is a sweet and lovely calendar. The little animals are fun, and the windows are charming. This is the first time I've bought an Advent calendar from this business, but it certainly won't be the last.

Adorable advent calendar & fun to open!

This is a good size and very sturdy. It is a lovely winter scene and the pictures inside are nice to look at also.

My Great Grand sons love the advent calendar

A beautiful illustration to hang on wall or refrigerator during Christmas. Flaps all easy to use. A sweet little holiday ritual.
