Bronagh: A Slater Brothers Novella

Synopsis

Bronagh Murphy has been through a lot over the past few years, a hell of a lot, so when her 21st birthday rolls around all she wants to do is relax and spend the day with her family. Quietly. Her boyfriend, Dominic Slater, doesn't do relaxed or quiet. He never has, and he never will. He plans out a day for Bronagh that is both romantic and exciting. However, Dominic's version of exciting is very different from Bronagh's, as she will soon find out. When things take a turn for the worst and a bad altercation leaves Dominic once again fighting for his girl, Bronagh will have to decide once and for all if she will fight in Dominic's corner or walk away and never look back. Bronagh loves Dominic, and what Bronagh loves, Bronagh protects.

Oh my God! This book was LOL hilarious! I am still laughing an hour after reading it! L.A never fails to grab to cracked up with Bronagh and Domincs antics. And of course the rest of them crazy Skaters brothers. I never got my full fill with Dominic so this Novella was an AMAZING treat. And coming from Dublin myself I can say L.A gets our lingo down! Spot on. The stuff that comes outta her mouth I say almost daily. Or someone I know will around me. Yet bronagh and Dominic shouting it at each other is hilarious. And of course the PHATT as is back with a bang! Best LOL book for me this year. Well.....after Dominic of course ;)

4.5 stars So glad I went back to read this one! I really, really liked it!! Dominic was a complete sweetheart; so funny, charming, cocky & sexy like in all of the other books. I have to admit, I was a

bit surprised with the whole "grow up, Bronagh" talk since he's plenty amped up as well but I get what he was talking about. Excited to see where things go for this crazy couple as the series continues! :)

Poorly written--needs an Editor! So many typos, mis-spellings, and things that just don't make sense. Dominic and his brothers are likeable characters, but the main female is just simply crazy. Bronagh laughs, cries, and wants to kill people, all within a 10 second lapse of time. It's just too much for me. Her private thoughts are completely insulting and hateful toward all people, even the supposed loves of her life, Dominic, her sister, but then she turns all sensitive and loving toward a puppy. Poor Dominic. What does he see in her, except sex, as illustrated in his 100 reasons why he loves her--half of them are sex related or have to do with her being his household servant--cooking, cleaning for him, etc. In real life, I would steer clear of this type of person, would probably think she was an undiagnosed bi-polar person whose life's quality could be seriously improved with medication and professional help. The thing is, if edited, and a little tweaking, this might have been a pretty good story. I see potential and if L.A. Casey will work to perfect her craft, I think she may have a promising future.

ok first I have to say I love this author and Dominic and Bronagh are one of my favorite book couples. That being said I was really disappointed in this book. I felt that Dominic blames Bronagh for everything while taking very little fault on himself. Honestly if a guy called me clingy I wouldn't give him time to decide if he said something wrong I would be like excuse me? I get they both have things to work on. But I felt everything was put on Bronahg and that it was wrong to do so. Yes I wasn't happy with this book but honestly I love this author and can't wait to buy the next book after I get paid.

I loved Dominic so I knew I would like this book. I literally found myself laughing out loud while reading this book. There are super sweet moments but in true Dominic and Bronagh fashion there are hysterical fights as well. The only reason I didn't give this book 5 stars is because the editing was so bad it took extra effort to figure out what some sentences were even supposed to be...and I don't mean the saying me over my like the Irish often do. I mean misspelled, missing and completely wrong words. It was enough to make me tell you not to read the book cause it is a really cute one but it was enough that I noticed. Can't wait to start Alec. I already bought it. Great series!

First let me say that not giving this 5 stars was super hard for me and I hate to do it because I LOVED LOVED LOVED the first book so much. However I felt that this story was really not necessary and although there are some great points (Dominic making a book full of 100 things he loves about Bronagh *Swoon*) they did not make up for a story that just was not necessary. I also found it kind of frustrating/annoying/unexpected that Bronagh and Dominic were three years older than we last saw them and it felt like they were way less mature than before and arguing and getting physical with each other over nothing. I didn't like seeing this regression, I felt that the tension they had in the first book was perfect, but that there was way too much arguing/fussing in this book and made it look like their relationship is super unhealthy. I am glad that this book doesn't take away from the overall story of the first book but this short story is also not vital for the next book or for the overall storyline of Dominic and Bronagh and so for the most part is pretty unnecessary. I absolutely loved this book! LA Casey does such an amazing job with making the characters seem so life like and she has you falling in love with them all every time. She has become one of my favorite authors, and one I can't constantly see what she has coming up next!! I think I just fell head over heads in love with Dominic in this book! ::SIGH:: He can't melt your panties hot, and so romantic, it can't heart breaking that he can't already taken ;) In this story it is Bronagh's 21st birthday and you are taken on an adventure as Dominic tries to make her birthday extra special. The things he does for her are so sweet, you can't have tears in your eyes. I think my favorite part is about 25% into the book though, you can't just have to read the story to find out why! Seriously though, you need to read it! Parts will have you tearing up, and others will have you laughing out loud! You get to see a different side to Bronagh and Dominic's relationship in this story too. Yes they argue, but hey that's just how they are, but you also get to see the deeper side of their relationship. You get to see how they truly feel for each other and how committed to each other they are. It can't is really heart meltingly beautiful to see how they are with each other. Makes you wish you lived in their world and you had the same thing. I loved Dominic and I loved this book as well. I can't see what L.A. Casey has in store for us in Alec! I can't be interested to see what happens to this horn dog in his story. I can't sure L.A. Casey won't disappoint!
