Adam Gamble, is a writer, a photographer, and a publisher. He is the author of many books in the Good Night Books series, In the Footsteps of Thoreau, and A Public Betrayed. He lives in Sandwich, MA. Illustrator Joe Veno's artwork encompasses many areas, from children's books and

games to multidimensional sculptures. He has illustrated many of the best-selling books in the Good Night Books series, including Good Night Boston, Good Night New York City, Good Night Chicago, and others.

This does not follow the same sequence as the book "Good Night Moon" but rather progresses through the day from aloha to good night. It's a great little book for children who have been to Hawaii, are going to Hawaii, or as a gift from someone who has been to Hawaii and would like to share what they experienced in Hawaii

Another 'must have' for our Good Night Our World collection. My wife and I have been to Hawaii twice; once for the honeymoon, and once for the 'babymoon'. Reading this book with our daughter brings back many memories of the Islands. It's fun to tell her about the many things we did while she was in her mother's belly! Colorful pictures maintain interest, 'hidden gems' for I Spy, teaches our daughter some of the Aloha spirit. Fun book to read over and over!

My 2 year old loves reading this book which we bought before our trip to Hawaii. She loves pointing out the different things in the pictures.

How delighted I am to find that such a clever idea for a bedtime book has been done with such excellence. Distilling the essence of an entire state--from iconic locations to traditions to language--is difficult to say the least, but the author and illustrator manage to do it with flying colors. We just received our first two of these books yesterday, and I noticed that both follow a natural rhythm through the day as well as through the state. The pages begin with phrases such as "good morning, ____"; progress to "hello, ____" and "greetings, ____"; and continue on through "good evening" and "good night". By the end of the book, the reader enjoys a true sense of the state as well as a relaxed, good-night frame of mind. The illustrations are superb, including endless subtle details so characteristic of each state but without being overwhelming for young readers. "Good Night, Hawaii" is outstanding! It mentions the following: the Pacific, humpback whales, lei, surfing, mountains, waterfalls, sea turtles and coral reefs, dolphins, beaches and horseback riding. Then we are treated to the island fruits, flowers, conch shells, hulas, luaus, geckos and volcanos, and finally Waikiki Beach and the Observatory. The Hawaii illustrations includes rainbows, shave ice, pineapples, and hibiscus as supporting details for the text. ('Gecko' is misspelled, but the authors are fixing it.) This is an outstanding series for any child, as it celebrates different cities or regions and

helps familiarize them with places beyond their own environments. It is an ideal way to discuss where extended family live or to prepare for a visit or move to another area. My daughter, a military baby, will be moving to her third home (and third continent) this fall, all before her third birthday. I bought the Hawaii and Virginia books as a way to celebrate and say goodbye to our current home as well as to prepare and familiarize her a bit with the one we're heading to. With all the chaos and change, these books are a beautiful, gentle way to bridge the transition and make the journey a little more approachable for a young one. Thanks, Mr. Gamble and Mr. Veno, for a great addition to a child's library. Keep 'em coming!!!

I was thrilled to find Hawaii represented in this series of "Good Night" books. Our 18-month old grandson has the Massachusetts book (where maternal grandparents live) and loves it. Now he has one from Hawaii where we live. With the cost of airfare this book may be the only exposure he has to Hawaii.

This book is so adorable! Great pictures about the Hawaiian culture. I grew up on "Mother Nene Goose" poems and this story brought some memories back. Gave this as a gift to my 3 year old nephew and I know his mother reads it to him every night!

Good Night Hawaii is one of a series of "good night" books that are each set in a different location. The content addresses the most relevant sights in Hawaii. It is a perfect introduction to Hawaii for very young children. The art work is colorful and clearly depicts the information on each page. The book is simple in format yet provides many opportunities to discuss Hawaii. The language of the book takes you through the day from morning to night.

I bought 3 of these books for baby gifts. Shipping was quick, came earlier than the expected delivery date! the book itself is smaller in size than I thought it would be, but it is thick, hard cardboard pages, easy for little ones to help turn the pages and the illustrations are bright and colorful. I would definitely recommend this to a friend.
