Hebrew Word Study: Ancient Biblical Words Put Into A Modern Context With The Help Of The People Who Ride My Bus

Synopsis

Hebrew Word Study Ancient Biblical Words Put Into A Modern Context is different from other Hebrew word study books as this book takes a specific passage of Scripture and analyzes it with respect to its historical and cultural background. It takes key Hebrew words in this passage of Scripture and drills down to the very heart, soul and core of the Hebrew word and where appropriate traces that word to its Semitic origins. This is then put into a devotional format using the author's experiences from driving a disability bus to help illustrate and put these Scriptures and Hebrew words into a modern context for every day Christian living.

Customer Reviews

This is a practical and entertaining book, where Chaim takes us along on his bus to show us applications for using the Word of God. It encouraged me to continue looking at the hand of God in my life and realize there are messages if we are willing to look. Wittingly, Chaim uses his passion

for Hebrew word study to show us a deeper understanding of scripture. This has helped me to look at scripture more in-depth and ponder on the verses, rather than just read over the verses.

For anyone wanting to understand the concept of Hebrew thought, Chaim Bentorah has the gift of presenting Hebrew words in a 'down to earth' way (the way Hebrew was meant to be understood). He shares this knowledge as you walk with him through his daily life. So you not only learn some Hebrew, but are entertained with a true life biography in a humorous context with which most people would identify.

This is a very unique book. I love to use Bentorah's books for my early morning devotion along side his daily devotions . This book gives insights into "us older folks" attitudes and helped me see more clearly Yahweh's meanings of His words. A must read!!

A man speaking from his heart in a effort to know God's heart. You will be encouraged.

If you ever really want to understand the bible going back to the original language is a must. Many thanks to the countless hours of study that went into this fantastic book.

The author does a great job of tying in lessons from the Bible with his job driving a bus for disabled and elderly people. Every chapter reveals a deeper meaning of a Hebrew word (sometimes more) and is delightful to read.

There are some good bits in this book but far, far to much fluff wasting my time. I would have given this book an extra star if the author would have come right to the point and leave out the pointless stories.

I stumbled on this author originally thinking this would help me with my study of the Hebrew language. What a blessing God has given me and anyone else who stumbles on this awesome author.....chaim Bentovah GOD is using you; what a wonderful gift GOD has given you (I know you worked hard to reach this level of expertise)... but what a gift!!! Thank you and bless you!
