KING JAMES BIBLE King James Bible is its most famous translation. Translated by 47 scholars and completed in 1611, the King James Bible was the most influential book in the world. This Bible containing the Old and New Testaments Translated out of the Original Tongues and with the Former Translations Diligently Compared & Revised Set forth in 1611 and commonly known as the King James Version.

Navigation features in Bible: a) Direct Verse Jump b) Each every word cross-referenced to Strongs dictionary c) Search every verse anywhere from this book d) Every verse labeled with chapter name and verse no. e) Every verse cross-referenced to the chapter heading

Hebrew & Greek Dictionary: All the original words are treated in their alphabetical Hebrew order, and are numbered regularly from the first to the last, each being known throughout by its appropriate number. This renders reference easy without recourse to the Hebrew characters and Immediately after each word is given its exact equivalent in English letters, according to the system of transliteration laid down in the scheme here following, which is substantially that adopted in the Common English Version, only more consistently and uniformly carried out; so that the word could be readily be turned back again into Hebrew from the form thus given it.

Bible Word Index: In this Edition we newly created "bible word index" its contains all the bible words are arranged in alphabetical order, those words are cross referenced to strong's dictionary. It's very easy to use and even if the reader don't need to know about Hebrew & Greek Scripts, they can easily access this dictionary using common bible word index.

Customer Reviews

I grew up using the KJV - while I admit the "Shakespeare" language can be difficult for some people to understand, once you get used to the "thee's", "thou's", "spake's", and "begat's"; it's a really good translation (with an accompanying Strong's Dictionary) that reveals a lot about the Word of God.

It is nearly impossible to navigate this book on kindle and kindle app for iPhone. I got this because I thought it'd make it easier to just click a word and look up the meaning while reading the Bible. What I find is on both my kindle and the iPhone kindle app is , I can't even get to the book of the Bible I want without going page by page. On the iPhone if I accidentally touch a word, I can't back up to where I was. I have to go back to the beginning. For instance, if I'm read the book of John in the NT, I have to go to the beginning, click NT, the go page by page until I get to John. While doing that, if I accidentally the word "Thou", it moves to the dictionary/concordance and I'll have to go back to the beginning, click NT again and go page by page from Mathew!! It is exasperatingly and extremely frustrating to say the least and I'm highly disappointed. I would not recommend the kindle format to anyone.

I would have given this a higher rating (a five actually) BUT the 'one' thing that kept me from doing so is the 'one' thing that would make this Kindle version absolutely perfect, and that is a "back button!" A back button that takes you right back to where you left off. All other aspects of this book for the Kindle version are great. Very easy to reference words as you are reading the bible. BUT this is where the frustrating part comes to play. When comparing the Hebrew or Greek word(s), or looking up a broader understanding of the word(s), that you are referencing, if you do not

"remember" the "exact" verse that you are on you will surely lose your place! However, all is not lost. If you use the bookmark feature you can find your place again, but this can also get a bit frustrating, unless you are referencing every word on that particular page. If not, and you forget to remove the bookmark(s), you will have to remember which bookmark is for the page you were on last before having to find your place again. Most everyone's memories are not that bad, but still, a back button that takes you right back to where you left off is what makes this Kindle Version book a bit hard to deal with. If there was this same version available BUT with a "back button" that takes you right back to where you left off, and is available on .com for \$25 or more, it would be money well spent and render this version useless. So, until then, I will still use it as much as I can. If it only had that ONE feature! Arg!

I read it every morning! I can adjust the size of print to my eyes, and I love being able to see what a word means in the old English by tapping on the highlighted word and getting the definition instantly.

I JUST REVIEWED THE KJV 3 IN 1 I JUST GOT FREE WITH A \$5 BING REWARD CARD FROM AND IT'S EASY TO USE IT'S NOT THE COMPLETE AND TOTAL WORD BUT IT HAS THE BASICS AND YOU CAN VERSE SEARCH AND JUMP TO AND IT HAS A BACK BUTTON AND HEWBEW/GREEK WORD SEARCH BUT YOU HAVE TO READ THE BIBLE AND CLICK ON THE WORD IN THE VERSE TO GO TO THE HEBREW/GREEK WORDS IT DOESN'T REVERSE SEARCH IT'S JUST A FORWARD SEARCH SO IT'S A HALF OF A STRONG'S

I have two different free versions of KJV with Strong's for my PC and my phone and both are easy to navigate and very intuitive to use, right from the start. I wanted one (KJV with Strong's) for my Kindle, so bought this one. Very disappointed. Clumsy, awkward, very difficult to navigate. Wouldn't recommend it at all. Will be OK for just reading, but that's it.

Very good and user-friendly?

This is amazing and helpful for an average guy like me to better understand God's Word.
