Machine Transcription & Dictation (with CD-ROM)

Synopsis

Packed with realistic documents from various fields of employment, MACHINE TRANSCRIPTION AND DICTATION, 6E thoroughly prepares readers for most situations requiring transcription skills, while sharpening their business English proficiency. English Skills Reviews and Applications in each chapter emphasize grammar, capitalization, word usage, spelling, and proofreading skills that are essential to success in today's competitive market. Packaged with the book, a Transcription CD includes all the dictation plus Express Scribe and Windows Media Player software.

Customer Reviews

"I am thrilled with the word selection in the Word Usage segment." "All rules and examples are excellent under Language Skills."

I not happy that in the description it didn't mention that it was taped, to my knowledge because i cant see the detail of the book. Rips that the item has i think was way too sugarcoated. I will keep cause i need the book cd, but seriously. Not happy. My rate 4 out of 10

Didn't come with the CD like it said and that's the main part that's needed in the book.

The book is pretty good. It has vocabulary skills, commonly mistaken words, & tells you how to modify your transcription letters.

Yes, sure.

Awesome. Delivery was super fast and book is in Great condition.Thank You.

A book I needed for school and it came with a cd; great.

I found this book to have many different reviews in it, other than being a machine transcription and dictation book.This book reviewed grammar and punctuation too. ,

Needed it for class - it is a textbook. Intro to Excel 2010. What's to "Like" or What's to "Hate" - it is OKAY.
