Swift Walker: A Space Adventure: Swift Walker Science And Geography Books For Kids, Book 3

Synopsis

Learn about our solar system! Swift Walker loved to walk fast. His sister warned him, "One day, you'll walk so fast you won't be able to stop!" His speedy legs took him to see all the oceans of the world, and now his "superpowers" are taking him to a whole new level. Join Swift on an adventure to all the planets in our solar system. Swift Walker: A Space Adventure introduces kids to real facts about our solar system with a fun character they can relate to. Perfect for home, school, or homeschoolers. Ages 4 and up.

Customer Reviews

Verlyn, Thank you for introducing us to "Swift Walker". His curiosity has no bounds. He took me on an adventure that as he would say "Amazing"! He'll make you ask "What's next and can I go? After reading "A Space Adventure" your child will not only be able to name all planets but also know some "Amazing" facts about our solar system.

The illustrations are really awesome. I bought this for my 6yr old daughter and she loves it.

Great book and amazing pictures! This book is fun and educational my son loves it so much is a must read and makes facts about the planet memorable. He now knows every planet in the solar system !

We love Swift Walker, and my space-loving children ask for this one at least once a day. Such great books that lead my kids on their own imaginative adventures to explore space and the world. Thank you!

My 6 year old is obsessed with all things space. This book is wonderful, we read it all the time. We will be buying the rest of the series.

If Gavin likes it then it's a keeper. We plan to buy the other 2 books.

Purchased for my grandson's 7th birthday. The books are larger than I expected and colorful. My grandson loves them.

My 3 yr old loves Swift!
