Wings Of Fire Book Five: The Brightest Night

Synopsis

The dragonets struggle to fulfill the prophecy and -- somehow -- end the war in this thrilling new installment of the New York Times bestselling Wings of Fire series! One will have the power of wings of fire . . . Sunny has always taken the Dragonet Prophecy very seriously. If Pyrrhia's dragons need her, Clay, Tsunami, Glory, and Starflight to end the war, she's ready to try. She even has some good ideas how to do it, if anyone would listen to her. But shattering news from Morrowseer has shaken Sunny's faith in their destiny. Is it possible for anyone to end this terrible war and choose a new SandWing queen? What if everything they've been through was for nothing? Buried secrets, deadly surprises, and an unexpected side to scavengers are all waiting for her in the shifting sands of the desert, where Sunny must decide once and for all: Is her destiny already written? Or can five dragonets change their fate and save the world . . . the way they choose?

In addition to the New York Times- and USA Today-bestselling Wings of Fire series, Tui T. Sutherland is the author of several books for young readers, including the Menagerie trilogy, the Pet Trouble series, and three books in the bestselling Seekers series (as part of the Erin Hunter team). In 2009, she was a two-day champion on JEOPARDY! She lives in Massachusetts with her wonderful husband, two adorable sons, and one very patient dog. I love the wings of fire series. such a happy, dramatic, yet non expected ending. I also am excited for the next book!?!?!?!

My granddaughter will read everything this author writes. Great stories! I enjoy listening to the stories ,too. Thank you Tui T. Sutherland.

Fantastic book. Truly a fun and captivating read for any fantasy or dragon loving reader on any age! Story is about a group of five young dragons who are raised together and have been prophesied to end a war. Can't say more without spoiling it! Great story about friendship, family, and sacrifice.Warning! This is the last book of the current story arc! There are other books but they are about different characters and a whole different story. Just a fair warning because I was very shocked when this book wrapped everything up at the end. But don't worry because it's amazing and will leave you very happy and content.

Amazing finale!! I loved it! Sunny's book is full of adventure, excitement and peril.(Peril the dragon as well, if you know what I mean!) I was completely blown away by the crazy twists that were I'm it.WARNING: Spoilers in next paragraph!!As soon as I was "introduced" to Thorn I knew that she was going to be the SandWing queen. She just seemed right, or at least better than Blister, Blaze or Burn. And I also guessed that Sunny was half tribe, but I didn't assume she was half NightWing. I feel extremely stupid because I did not figure out that BLISTER took the treasure, and that's the sort of thing I would normally see coming. I didn't see that Starflight was going to end up blind, I thought that finding a cure for him was going to be part of the adventure. I'm also glad that Blaze didn't have

to die, and that Peril got to be a hero after all. The epilogue was a little confusing, because I can't remember them saying a single thing about a school (or whatever it was) in Jade Mountain. END OF SPOILERS! I'd say that the Wings Of Fire series is one of the best I have ever read, and I've read a LOT of books. I can't wait for the next book! -Fayegirl

Many endings are in this book, but I am so glad that the stories continue on. I really liked how the author tied everything up quite nicely, and not as I expected! I thought I had it all settled in my mind, but was so pleasantly surprised. You could stop reading the series here, but I hope you don't. The same dragonets, some new characters, and the adventure continues! On to the next!

I chose this rating because I loved this series. It is even better than the Artemis Fowl books. Thank you Tui T. Sutherland!!!

I love the outcome! Although, I did come up with a different theory in my head before reading it. Anyway, I love all the characters (the new ones too.), the plot, and all the secrets hidden inside. Tui T. Sutherland is truly an amazing story teller. I hope she writes new books soon! My theory: Queen Oasis actually had 4 heirs. Burn, Blister, Blaze, and Sunny. Sunny was the youngest by far, and Oasis knew none of her daughters would be fit to rule as queen. Oasis also knew that the others would try to kill the unborn dragonet (Sunny is still an egg) if she was favored. So, she hid the egg, and would claim the dragon as her own once the other heirs were "disposed" of. But when the scavenger came and ruined everything, Oasis could only hope her hidden egg would find her way to the throne. In the Prophecy, it says, "And hidden alone from the rival queens, the Sandwing egg waits unseen" Well, I like how the book turned out. I think it's a great read, and enjoyable for a child.

Another awesome win for Tui Sutherland!! Man! This series has certainly earned a place as one of my favorite book series ever! It's so human, packed with adventure and action, suspenseful, cute in some places, and just downright fun. I can relate to Sunny and her feelings in the way of how some dragons (even her friends) would oftentimes see her as simply a--yes--cute individual with fanciful thoughts. I understood her frustration. I really like her mom, Thorn, and Queen Blaze gained my approval as well! The danger is never-ending, and you cheer on the main characters. The crushes some of the dragonets have on each other are very sweet and touching. The whole story itself is REALLY good and I teared up at the end! This book is definitely for practically any age!! Older middle grade and up. I absolutely enjoyed it!
