Beneath These Chains: The Beneath Series, Book 3

Synopsis

From USA Today best seller Meghan March comes a steamy new novel in the Beneath series. Beneath These Chains is the third book in the Beneath series but can be enjoyed as a full-length, standalone romance. I was raised on the streets, so I know things are rarely as simple as they appear - especially this rich girl showing up at my pawnshop demanding a job. She's the most tempting thing I've ever seen, and I'll be damned if I can make her leave. S--t just got complicated...but when it comes to her, I want complicated. We're both fighting our own demons, and our only chance at a future is to let go of the past. But will we be strong enough to break free from beneath these chains?

And so do the men! No cliffhanger Standalone though part of a larger series Told from both POVs Minor editing errors I am not joking when I say this series keeps getting better. I am on book 3 and each guy is better than the last. I can't wait for Lucas Titen's story! Elle is a girl who has dealt with tragedy in her past. Lord is a guy who knows tragedy all too well. The second they meet sparks fly but they both know being together would be a bad idea... Or would it? Lord jumps in but Elle is hesitant. She doesn't want to give up her hard earned control to any man. Lord is anything but controlling. Possessive and protective... But not controlling. Elle quickly learns the difference. Their love story and intimate moments are off the charts but a string of killings keeps them on edge... Until tragedy strikes really close to home and all hell breaks loose. Amazing read!!!

This was an excellent read! All of the above were involved and included muscle cars and a hot, filthy talking man! Just what I needed to get out of my books slump. This was the first book I read in this series however I plan on going back to read the others. I did not feel like I missed out on any previous plots while reading however. I like that in a story.

Beneath These Chains is the third book in Meghan March's Beneath series. Though I enjoyed catching up with snippets of the other characters in this series, this book can be read as a stand alone. From start to finish I was drawn into this fantastic story. Meghan March has an incredible talent for writing realistic characters, which are strong-willed, have combustible chemistry as well as the ability to completely pull at your heartstrings. The storyline kept me burning through the pages. Lord and Elle are the perfect match for one another. Though they couldn't be more different than night and day, their tenacity, dedication and pride keep them on a wonderful journey. I cannot wait to read more from this amazing series. These characters are unforgettable and will stay in my heart for a long time.

You will be screaming his name. Lord is an Alpha, over protective, fierce loving man. Elle is an independent, strong minded, can protect herself woman. I really enjoyed Elle's character and how she faced her demons and fears with Lord by her side. I loved how Lord claimed her and never let go. I was happy to see Elle grab a hold of Lord and not let go of him either. Most stories have one character fighting their feelings over the other. Beneath These Chains has Elle unable to resist Lord & who would? He's the ideal alpha! Can't wait for Beneath These Scars (Lucas' story). This is a standalone but you will definitely want to read Beneath This Ink & Beneath This Mask so that you can fall in love with all of the Beneath series characters. You will read this series again and again.

I am loving this series of books. Great story line that makes it very difficult for me to put down. I can see how these books could be read as a standalone but it would better to any potential reader to read them in order. Characters from prior books are a part of the next story and future stories. It makes the books richer to read when you bring the background of other characters with you to the next book. I would recommend this series to anyone!! Happy reading!!

Lord oh Lord! I think that will be the phrase that everyone will be reciting once they read this book! I seriously think I broke the highlighting function on my kindle with this book! Lord we met as Con's

brother in Beneath This Ink and Elle is Vanessa's (Con's girlfriend) best friend. They have a rough first meeting and then they are inundated with drive by shootings, a crazy step-dad, an alcoholic mother, unwanted attention from a local gang leader and the search for a missing watch! What could possibly go wrong? I fell in love with this series from the start but it only continues to get better and better! Complementary copy provided for an honest review!

Holy hell!!! Why did I take this long to finally finish this series? I'm going through all so I can finally get to Hennesy's story... Lord and Elle are at the top of my insta love romance couples! You will NOT be disappointed! Meghan you rock our worlds with you fabulous words! Holy hell! Thanks girlfriend!! Ok gotta run! Diving into TITANS STORY RIGHT NOW! I'm on a mission! Rhett is getting very very impatient!

Meghan March serves up another winning addition to the Beneath series with Beneath These Chains. This is the third book in the series, and it's filled with intrigue and suspense, plus all the steam I've come to expect from Ms. March. This story is about Lord "Con" brother and Elle "Vanessa" best friend from Beneath This Ink. Elle is a sassy, rebellious socialite who comes to work in Lord's pawn shop of all places. She has enough baggage to fill an entire Samsonite collection. The women in this series seem to have a lot of mommy and daddy issues, and Elle is no exception. Lord almighty. Lord is one fine, dirty-talking specimen. He's the ultimate Alpha bada\$\$s from the wrong side of the tracks. Somehow he manages to be fiercely protective without being controlling. Vanessa is stubborn and vehemently independent. They say opposites attract, and they really do with this unlikely yet perfectly paired couple. There's a murder mystery, gang threats, and enough family dysfunction to keep the reader interested. If you like your erotica with a decent plot, Beneath These Chains should fit the bill. The audio book is narrated by the wonderful Andi Arndt and the absolutely yummy Sebastian York.
