Chasing Secrets Elite Guardians #4 By Lynette Eason Haley Callaghan's early life in Ireland wasn't easy but she has no idea just what she lost years ago and the truth is about to come out. And someone is determined to keep her from learning the truth that has been hidden for over 25 years. Living in South Carolina, Haley has no idea that her past is about to find her and place her and those around her in the crosshairs of danger. And her job with Elite Guardians places her in enough danger as it is and Haley has just taken on a case that has made her an enemy that has a way of escaping justice. With more than one target on her back, Haley has caught the attention of Detective Steven Rothwell and he is determined to help her stay safe. Now Haley just has to survive long enough to discover who wants her dead and rescue those who've been put in danger because she

cares. With Steven determined to not lose another person under his protection and the rest of the Elite Guardians backing her up, Haley has a fighting chance to see tomorrow. And Haley has a whole reason to see tomorrow - one she never expected to have. This is the concluding book in the Elite Guardians series and fans of the series should not be disappointed though it would have been interesting to learn the back story on some of the later additions to the group. Haley's story is interesting and the various potential suspects and the overlapping of personal and professional just adds another layer to the suspense. I can honestly say I was left guessing up to the big reveal. For readers who haven't previously read any or all of the books in this series don't worry you won't get lost as each book focuses on a different character or characters. Each story builds on the previous one much like one's own life - time passes and new acquaintances enter while others leave. The old and new in your life don't have to meet in order to enjoy (or not) spending time with you. So take the time to get to know Haley as she uncovers secrets from her past.

Elite Guardians bodyguard Haley Callaghan may be in South Carolina, but when a photo leads investigators in West Ireland to open a twenty-five-year-old cold case, her life is suddenly in danger. Haley knows how to take care of herself; after all, she's made a career out of taking care of others. But after an uncomfortably close call, Detective Steven Rothwell takes it upon himself to stay with her--and the young client she has taken under her wing. A protector at heart, he's not about to let Haley fight this battle alone. In a sweeping plot that takes them into long-buried memories--and the depths of the heart--Haley and Steven will have to solve the mystery of Haley's past while dodging bullets, bombs, and bad guys who just won't quit. After several attempts on Haley's life she is beginning to wonder if it's more than the young boy she is guarding. Especially after a detective comes from Ireland telling her she is not really Haley Callaghan. As the story unfolds, she has to pull out all the stops just to stay alive. Steven just met Haley but he is drawn to her immediately and will do anything to keep her alive. As with all Lynette Eason books, this did not disappoint. I highly recommend this book.

"Content. Had she ever been truly content?" Haley Callaghan has been a survivor all of her life, accepting both heartache and accomplishment with an amazing amount of compassion. Underneath her admirable composure and proficiency, troubling images flash in intermittent nightmares, surfacing anew when her life is threatened during a heated encounter with a known criminal. The professional bodyguard is now guarded by a host of protectors, one of which is a very handsome detective. Detective Steven Rothwell is quick to admit, at least to himself, that Haley

Callaghan intrigues him. Bold, intuitive, and confident, she exhibits incredible kindness towards a young teen and his family, whom she barely knows. When the incident becomes volatile, Steven becomes privy to information that has the potential to change Haley's life forever. Suddenly, life and love are on the line as Haley and Steven race to uncover family secrets. "Chasing Secrets" has a wonderful cadence; thrilling to be sure, but tempered by an undercurrent of satisfying conversations between two wonderful characters, whose strengths and weaknesses complement each other beautifully in this deftly plotted suspense.

Haley's a member of the Elite Guardians, a bodyguard - type service. She discovers that her life was forever changed when she was five years old in Ireland, twenty five years earlier. Steven moves back home to South Carolina when his dad is diagnosed with cancer, leaving his job as a detective. He joins the police department after his move and meets Haley. When Haley's life is threatened several times, they believe it's from a gang leader who she has made angry. Could they be mistaken? Is her stalker someone from her past, from Ireland? Is the elderly man who traveled to the states really her grandfather? This is a great story of what the love of money can do to a family, of forgiveness and of trusting someone with her heart. I've loved every book that Lynette Eason has written, as she's always pointing the way to God, and this is one of her best!

Chasing Secrets is thrilling, crisp, action packed, heart pounding, heart palpitating (romance - you just gotta have it don't you?), immeasurable, calculating, gregarious, haunting, chivalrous, interesting and judicious. This is about Haley getting into trouble from a 25 year old cold case - how can that happen? - well I am so glad you asked - no way - I cannot ruin it and tell you - you have to read it for yourself - I will tell you for the fan of the Haley stories - you finally got what you have been waiting for - plus a sweet sweet surprise.. I love love love this.....I received a complimentary copy of this book to read from the Publisher and Netgalley; all the opinions expressed are all honest and my very own.
