# 101 Favorite Stories From The Bible

## **Synopsis**

The parting of the Red Sea, David and Goliath, Jesus and the Samaritan woman, Lazarus being raised from the dead, these stories and many others form a solid foundation for children learning about the Bible for the first time. As children learn about their faith and hear these exciting stories, the Bible truly comes alive for them. The colorful illustrations included with each story will be loved by children of all ages and provide a solid image in children's minds to establish the reality of the stories. These timeless and absolutely true stories such as how Jesus loves the children and the day of Pentecost are loved by children the world over. After each story, you will find helpful questions to spur discussion and to help children commit them to memory. This colorful and delightfully fun book is an essential for any parent who desires to train their child in righteousness.

## **Customer Reviews**

This book was exactly what my 7-year-old daughter and I were looking for. I appreciate that it's written for the older young child while still keeping each story short enough to read in a quick sitting. So many Bible story books we looked at had stilted writing, left out portions of the story that I'd think would be of particular interest to young people, and had ugly pictures. This book is well-written and does a great job of telling about each event. The illustrations are well-done and inviting. I'm not much for testing kids about every little thing, but my daughter finds the few questions at the end of each story to be fun and looks forward to them. I like the passage provided for the parent which cross references the story to a relative passage in a different book of the Bible as well. Very happy with our purchase.

This little book is an excellent way to share the great Bible stories with your children and grandchildren. They are short - one page - and have a full color illustration for each story to help the child picture and remember the event. Great for bedtime stories or sharing anywhere. The book is light and pocket sized - easily carried in a coat pocket or purse.

Perfect gift

Good traditional book. Bought several as gifts. No problem.

Very good visual Bible -- better for 6 and up than for younger years. There are follow up questions. We use it for family devotions. The pictures are very clear, a little too busy if your children are under 3, but remember, children GROW. This is a great book to have on hand -- we toss it in the church bag and can look up the scripture readings each week. It's nice for the kids to have a visual reference. With 101 stories, we can do the whole thing, one page per day, for summer vacation (that's the plan). This is not a baby Bible -- it's much more rich than most. Good book. \*\*\* edited in August 2008 -- Try David R. Helm's Big Picture Story Bible, too -- it's a wonderful book. \*\*\*

All the stories have been great so far and as far as I can tell, very true to the biblical texts. I really like the questions at the end. They are a little above my 4-yr old's head, but not all of them. I think age 5 and up would be just perfect. It's a little smaller than I envisioned, but no big deal at all.

This is a great Bible story booklet for children, whether you are a parent, grandparent, teacher or Children's Church leader. As a former schoolteacher, I was so pleased it includes comprehension questions as well as verses to remember. Comprehension is one of the problems elementary children have a lot in school. So I give this book five stars! Elva Cobb Martin, President South Carolina Chapter, American Christian Fiction Writers, June 15, 2014

LOVE this book. I am new to homeschooling and bought this to use with my kids during bible time. I saw it as part of Sonlight's curriculum. I'm not ready to buy a full curriculum, but this book caught my attention. It was cheaper to buy the book through than through Sonlight! I love all the pictures and the stories are biblically accurate. I also really like the questions at the end of each story. My kids (4 and 2) look forward to bible time and hearing the story for the day. The stories are long

enough to tell a good amount of information but short enough to hold their attention. This book is great for kids, and adult, of any age! One of the great things about this book is that while it talks about the bible in a way children can understand it doesn't "dumb down" the bible or omit some of the more challenging stories.
