Customer Reviews

The New International Version is the world's most popular modern English Bible translation. Developed by Biblica, formerly the International Bible Society, the New International Version is the result of years of work by the Committee on Bible Translation, overseeing the efforts of many contributing scholars. The translators are drawn from a wide range of denominations and from various countries and they continually review new research in order to ensure the NIV remains at the forefront of accessibility, relevance and authority. This new update is the result of a unique revision process by the committee and coincides with a nationwide celebration of the 400th anniversary of the first English language Bible (King James Version).

Great version for youth groups. Easy to understand and follow.
