Developing The Leader Within You Workbook

Synopsis

In the *Developing the Leader Within You Workbook*, John Maxwell examines the differences between leadership styles, outlines specific ways each reader can apply principles for inspiring, motivating, and influencing others. These principles can be used in any organization to foster integrity and self-discipline and bring a positive change. *Developing the Leader Within You Workbook* also allows readers to discover how to be effective in the highest calling of leadership by understanding the five characteristics that set "leader managers" apart from "run-of-the-mill managers." In this companion to the bestseller, John Maxwell shows readers how to develop the vision, value, influence, and motivation required of successful leaders.

This is not a book to sit down and read like a novel. It is a personal training book where you read a chapter and do the assignments to make it a personal growth program. Excellent information and was very beneficial for changing some bad habits in working with people within my business. It helped me be a better leader.

Like most of John Maxwell's books, I enjoy his style of writing and how his material opens your eyes to new ideas (or re-freshens concepts I once new but forgot).

This book is helping to transform the staff at my agency encouraging us to be our better selves and operate more cohesively. I think this book should be shared by as many companies as possible. the simple principles and precepts are good.

This workbook goes with the book by the same name. This book is my primer for all my clients, elevating their understanding as to what leadership really is, and what it specifically takes to be a good one! A must read for anyone who is, or will be aspiring to be a leader!

omg this book just amazing and so much info to learn how to be a good leader

We have been using John Maxwell's Workbook for the last three years as a guide in our Leadership Development Course. The material is easily usable for all backgrounds, and relevant to all of us, whether teacher or student. I grow more as a leader each time I go through the book! Highly recommend for your personal or group leadership development efforts.

Great for a group study too. We're doing it with our AdvoCare team. Packed full of inspiring words that help us to become better leaders.

Good suggestions to think about. I have several of his books and in my leadership position will really take his words to heart.
