In Trump We Trust: E Pluribus Awesome! (That Was The Easy Part) And Is Fighting For US

Synopsis

Donald Trump isn't a politician - he's a one-man wrecking ball against our dysfunctional and corrupt establishment. We're about to see the deluxe version of the left's favorite theme: Vote for us, or we'll call you stupid. It's the working class against the smirking class. Now Ann Coulter, with her unique insight, candor, and sense of humor, makes the definitive case for why we should all join his revolution. The three biggest news stories of the 2016 presidential election have been Trump, Trump, and Trump. The media have twisted themselves in knots trying to grasp how he won over millions of Republicans and what he'd be like as president. But Ann Coulter isn't puzzled. She knows why Trump was the only one of 17 GOP contenders who captured the spirit of our time. She gets the power of addressing the pain of the silent majority and saying things the "PC Thought Police" considers unspeakable. She argues that a bull in the china shop is exactly what we need to make America great again. In this powerful book, Coulter explains why conservatives, moderates, and even disgruntled Democrats should set aside their doubts and embrace Trump: He's putting America first in our trade deals and alliances, rather than pandering to our allies and enemies. He's abandoned the GOP's decades-long commitment to a bellicose foreign policy at a time when the entire country is sick of unnecessary wars. He's ended GOP pandering to Hispanic activists with his hard-line policy on immigration. Working-class Americans finally have a champion against open borders and cheap foreign labor. He's overturned the media's traditional role in setting the agenda and defining who gets to be considered "presidential". He's exposed political consultants as grifters and hacks, most of whom don't know real voters from a hole in the ground. If you're already a Trump fan, Ann Coulter will help you defend and promote your position. If you're not, she might just change your mind.

great audiotape

I find it amazing and impressive when an author can see through the Leftist news and predict how the election will turn out. Published before the election (I believe), Ms. Coulter's predictions in her book were remarkably right on.

Excellent book, to describe Washington corruption, media bias. And the real truth on what the country is facing.

Good book.
