## Customer Reviews

Love it... See photo for comparison. The left is a regular print, middle "large" print and the right is for this Bible. Big is an understatement.

I purchased this particular Bible because my eyesight is gradually getting poorer (my last eye exam revealed the very early development of cataracts in both eyes), and I wanted a KJV Bible to simply read in bed (extensive study notes and additional 'bells and whistles' weren't necessary, in other words, as they'd only make this copy larger and/or heavier, and therefore more difficult to handle while lying down). I searched high and low for the best possible price, and I initially worried (because the purchase price was so low, frankly) that I might wind up with a flawed or sub-standard copy of this Bible. As it turns out, I needn't have been concerned. (^.^) Upon close inspection, I've found that this Bible is nearly as flawless as any other Bible I've ever owned (some of which were \*much\* more expensive.) 1) The text is blissfully huge, crisp, clear, and easy to read in the mediocre glow of my ~15 watt CFL bedside lamp. The line spacing is also quite generous. 2) The reference notations are

clear and easily read without squinting as well, but not so large as to be a distraction.3) The text is also uniform (both black and red) in opacity, and does not have a faded or 'washed out' appearance. (Neither does the ink smudge or smear at all when rubbed, as can sometimes be the case with cheaper Bibles.)4) The pages are thin (as expected), but not too thin, and I've discovered no wrinkles, blemishes, folds, or tears in (or on) any of them.5) The (burgundy bonded leather) binding is tightly stitched, without flaw, and smells faintly of 'new leather.' (The gold 'O' in 'HOLY' on the front cover is faded between 5 and 6 o'clock, but only very slightly - to the extent that I don't think it's easily noticed, really.)6) The index notches aren't the classic semi-circle shape I'm accustomed to, but are slightly squared instead - which I believe looks more appealing - functionally however, there's no difference that I can discern.7) The Bible's dimensions are 10 5/8" (L) x 7 5/16" (W) x 1 5/8" (D), and it weighs 3 pounds, 11 ounces. Overall, I am VERY pleased with this purchase.

Bought for elderly church friend who is losing eyesight - problem is double print size means large size bible which is too much for her to handle. Book is very nice and better than expected for the price.

Thou shalt obtain this book of scriptures and read it daily with a bible reading plan at [bibleuniverse.com](http://bibleuniverse.com)

a bit heavy but I can easily read it, He purpose was a study bible so it is not a problem

What a beautiful Bible. I may purchase another one. This one was a gift. Impressive.

This Super Giant Print Bible is all that I was hoping it would be. You will find that you still have an edge on the margins for your notations. I highly recommend this purchase and was very pleased with the service received from the seller. Thank you.

Husband very pleased with this giant print Bible...nice quality and has very large print. Would purchase again.
