Join renowned storyteller Francine Rivers and her daughter, Shannon Rivers Coibion, as they bring the stories of the Bible to life! Children will meet thirty important people from the Old and New Testaments-some of them famous Bible figures like Abraham and Paul, and others unsung heroes like Amos and Priscilla. The stories will capture kids' hearts and minds, and the "Growing Time" sections will help them apply the lessons of each story so they can live for God today. From this gifted mother-daughter team come the Bible stories you'll want to share with the growing kids in your life.

I love Francine Rivers books. That is why I purchased this one for our children. But I didn't like this one due to accuracy. The main story line is correct, but there are some details that are not.

Therefore, we decided to stop reading it to our children because we want our children to hear and learn the Bible stories accurately. (Unless I'm mistaken and in that case, I am sorry.) But the quality of the book and material, pictures, size, and easy reading is good. I wouldn't really recommend this book but definitely her adult reading books are awesome!!! On some sites, it is possible to browse through some pages of books. If you can do that with this one, you may want to spend a few minutes doing that.

I used to read Francine Rivers books as a kid so I thought I'd try this on my 6 yr old daughter. Well I found out she used to sneak to read this at night after lights out and after our night time bible story. I never thought I'd ever do this but now if she is naughty I simply say - do you want me to take away your book- and the rest is history. Thank you for not shying away from the truth and presenting it 'as is'. I grew up in Africa & the raw & hard living there makes me understand things today that I really need to know. Life doesn't ask for permission before giving us certain experiences so I've never understood why folks think certain aspects of the bible are too 'hard' for kids. We underestimate our kids ! Still thanks once more. Say, I'll get my 6 yr old to write her review when she finishes the book. Watch this space for the "word girl", coming soon.

My grandkids loved this. They use it for family devotions.

Francine Rivers is one of my favorite authors and I love that she wrote this great children's book. The book is a quality hardback with cute illustrations for little ones to enjoy! If you are a fan of Rivers, like me I definitely recommend you adding this to your collection.

Very cute

GIFT, KIDS LOVE TO READ

I liked it. I got it for my grandchildren. It is well written and well illustrated.

Many of the stories are new and were not familiar to the children. I loved the questions and review portion after each story. They like the reader's voice inflections and tone. Thank you!
