Audubon Nature Wall Calendar 2017

Synopsis

Celebrate wild America. The magic of the waterâ™s edge at Big Sur in Northern California. A trumpeter swan swimming in the early morning fog over Wonder Lake in Denali National Park. Sunlight streaming through the bald cypresses in a Louisiana swamp. A flock of snow geese covering the sky in Montana. AUDUBON NATURE CALENDAR showcases a dozen North American natural treasures and landscapes with exquisite full-color portraits and fascinating text. America the pristine, America the dramatic, America the unforgettableâ "each of these images is a tribute to the power and beauty of nature.

Customer Reviews

Audubon's mission is to conserve and restore natural ecosystems, focusing on birds, other wildlife, and their habitats for the benefit of humanity and the earth's biological diversity. Audubon's network of community-based nature centers and chapters, scientific and educational programs, and advocacy on behalf of areas sustaining important bird populations, engage millions of people of all ages and backgrounds in positive conservation experiences.

Calendar and pictures are great BUT when you write on it, it goes through into the next month. Paper is very thin and its annoying seeing January's info on February's month. Would return if I hadn't written on it already. Would not purchase or buy again.

I gave this as a gift - beautiful photos of nature, with plenty of room to write daily appointments, etc.

The calendar itself is pretty, but the quality of the pages is poor. I use this as our family calendar to write our events on it. After writing in our Jan events, and Feb came around, I noticed that everything from the Jan pages were very prominent on the Feb calendar. That just ruined it. They need to use a better quality of paper so the previous months info doesn't bleed into the next month. As a result, I won't be ordering these again.

The calendar is everything I hoped it would be. The photographs are beautiful and the paper is sturdy enough to hang without worrying that the edges might curl in summer's humidity.

It's a calendar with beautiful photography but you knew that. Since it's now March, you might not even be able to buy it anymore. It's the right size for the calendar space on my wall - I'm not sure if there is an International Standard for calendar size, but this would be a good reference point. So buy it for the pictures and stay for the dates.

I was very impressed with the pictures of the nature scenes I am a nature fanatic and that works very well with what I want to look on a daily basis. I will be buying from this seller again in the future.

Best of the nature calendars, great size overall, and supports a great organization.

Nice quality and beautiful subject matter. My work calendar and large enough for others to view from a reasonable distance. Great price and timely delivery. I'm happy! Works for me.
