Love At Last: Last Frontier Lodge Novels, Book 2

Synopsis

What happens when different worlds collide and love gets caught in the middle? Garrett Hamilton is the quintessential ladies' man, a sexy, wealthy corporate lawyer whose work keeps him far too busy to think about romance. Yet he's lost his drive to win cases and finds himself hopping on a plane to visit his brother at Last Frontier Lodge in Alaska. Delia Peters is a single mother who learned the hard way that lust often doesn't translate to love. She figures life is good enough if she can pay the bills. Love is the stuff of dreams, not real life. Garrett has spent so many years driven almost entirely by his work that he's at loose ends. He's hoping an unplanned escape will refresh and renew him. He didn't count on Delia nearly bringing him to his knees with her unassuming beauty. One kiss and he's lost. A man whose career was built on his ability to spin any situation to his advantage finds himself stumbling when faced with a woman whose mere presence rattles his control. Delia is finally finding some stability with a new job as the chef at the local ski lodge. She's so accustomed to the busy pace of single motherhood that the thought of romance hasn't crossed her mind in years. She's entirely unprepared for the scorching hot attraction between her and Garrett. One kiss sends her reeling...and wanting more than she ever imagined. Delia and Garrett can't deny the depth of desire that simmers between them. Falling in love wasn't in the plan for either of them. Garrett is everything Delia dreamed of and more. Delia touches places in Garrett's heart that he hadn't known existed. Can Delia learn to trust in love? Can Garrett get out of his own way long enough to show Delia how much she matters?

Best Sellers Rank: #265 in Books > Audible Audiobooks > Romance > Contemporary #2541 in Books > Literature & Fiction > Literary #2680 in Books > Audible Audiobooks > Fiction & Literature

Customer Reviews

I liked it, but I really, really wanted to love it....and it just didn't happen. I mean come on....Delia & Garrett is suppose to be in this great relationship and yet, they hardly seem to get to know each other, or even talk to each other so how could that even happen? The best part of this story, at least IMO- is when the Delia gets disgusted enough with Garrett's wishy-washy ways and stands up for herself, of course that doesn't happen until almost the very end. That's when she points out that he has to put his big boy pants on, if he wants her to hang around. Otherwise; he can just take a hike. There was a HEA, although that seemed a bit rush, and a little too choppy. After re-reading this review, it almost seems like I didn't like this book, but honestly....I really, really did.

Love, Love, Lovelt's a sweet, sexy, extremely HOT well written story with loveable characters! It definitely tugs at your heartstrings and leaves you wanting more! A MUST READ.....

I received this book for free for an honest review. The next installment in this series, as usual with this author, the characters are believable and well developed. If you like reading stories about love in a great setting, with interesting characters, this book is for you. Can't wait for the next sibling to fall.....

Love this second book in the Frontier Lodge series. I love that the characters are real with hopes, emotions, and even faults and in this gorgeous setting, even better. Your heart wrenches in this lovely story about Garrett & Delia. This one is a winner and can't wait for the next which appears like it may be Aidan and Becca, although, I would prefer a little more happy ending on Don and Helen as well. The good news is I know everything revolves around the Lodge so we know the stories will continue.

* I was given a free copy of this book in exchange for an honest review.* Delia & Garrett have legitimate reasons to stay apart: she works for his brother, Gage; they live in Alaska & Washington respectively; he identifies as a player; she hasn't dated anyone since she got pregnant 6 years ago. Delia made 1 lusty decision in college that got her preggo, so she doesn't trust that part of herself. Garrett has only ever wanted to be a player & focus on his career, so he doesn't trust his feelings for Delia. It's interesting that they find themselves so strangely drawn to each other, but they don't really talk that much. Like they want to have a real relationship, but it just devolves to sex when they get in the same room. It is pretty cute that Garrett who's supposed to be the alpha male

is just as flustered and nervous as small town single mom Delia. This was a nice story. I can see the set up for a larger series with all of Garrett's siblings & Deliah's friends. What I found missing was the connection between Garrett and Deliah beyond the sex. The reader doesn't get to read much of their conversations, so even though both of them have a strong backstory that sets up their reticence toward love, so we can appreciate how shocking it is when they connect...I wasn't feeling the connection. Maybe if there had been a prologue and we had seen when they first met at Christmas? Perhaps we'd have seen the aloof-together-guy that Garrett is supposed to be & heart-of-gold Deliah that everyone loves? What we see in this book is both of them be stuttering and lusty. Some kind of "before" would have given us more of a contrast of "oh these are regular people who jump into a porn whenever they see each other".

I read this for a group on one of 's forums who wanted to read books set in a believable Alaska. Since I live in Alaska I can give a local's point of view on the setting. I had a hard time getting through this one, and then reviewing it. I know this author is well-liked by the group, but I don't think this can be her best outing. I spent the whole book waiting for something interesting to happen, and when there's finally some action, it felt too little, too late, and I actually skipped a lot of it. The story, the characters, the romance, and most of all the setting, simply felt generic. She writes well and the story flows, but there's really nothing there. The two main characters hardly seem to get to know each other, or talk to each other. I did like when the heroine stands up for herself at the end and points out that he has to put his big boy pants on if he wants her to hang around, but other than that, there didn't seem to be anything really enjoyable about this book. And, once again, family and friends seemed waaay too involved in the romance--but maybe that was because the hero and heroine couldn't seem to come up with any interesting, deep and life-changing interactions between them. So, although the author got the setting right as far as she took it, there was really nothing very interesting to me in it. A very light read, that has already begun to fade from my memory.

I tried. I wanted to quit after he licked her on their second, well ok maybe third encounter. But I finally gave up at 29%.
